Supervisor and Board Members

FROM: Peter D. Barlet

RE: Association of Towns Training for Patricia Maddalena

Please be advice that the Annual New York State Association of Magistrates and Court Clerks Conference will be held February 17<sup>th</sup> to February 18<sup>th</sup>, 2015 at the Hotel Sheraton in New York City.

Needless to say, these training sessions are extensive and complicated. With the many changes, this schooling is essential to the Court's update of practices and it is felt is the most economical way to gain the knowledge required.

The Justices are requesting the Board to give approval of this training session for Patricia Maddalena to attend

Respectfully,

  
Peter D. Barlet  
Warwick Town Justice

### MEMO

To: Town Board  
From: Chief McGovern   
Re: Fill vacant part time dispatcher position

Please accept this request to fill the vacant part time dispatcher position created by the resignation of Rob Stack, with Annemarie Miles. We have reviewed her application and resume and interviewed her earlier this month.

She resides at 14 Oakland Court in Warwick and has a bachelor's degree in law enforcement.

She worked for the department as an intern during her senior year at the University of Scranton. She is also a member of the Ladies' Auxiliary for the Warwick Fire Department.

Her schedule is totally flexible and she is a very polite and personable candidate. She is available to begin training Saturday, January 24, 2015.

Should you require any additional information, do not hesitate to contact me.

December 29, 2014

Michael Sweeton & Town Board  
Town of Warwick  
132 Kings Highway  
Warwick, NY 10990

Dear Mr. Sweeton & Town Board:

I am interested in applying for a position as a member on the Town of Warwick's Planning Board. I also understand there are currently no vacancies on the planning board at this time, but I would appreciate the opportunity if a position is to become available.

I have been a lifelong resident of the local area, growing up in nearby Vernon, NJ as well as being a resident within the Town of Warwick for the previous nine (9) years. I wish to serve as a member on the Planning Board in order to become a more active member in my local community. My qualifications for this position would be as follows:

- Over eight (8) years of experience working directly in the civil engineering industry. Currently employed by Engineering & Surveying Properties, PC.
- Experience with presenting applications before numerous Town and Village Planning and Zoning Boards
- Accustomed with the State Environmental Quality Review (SEQR) review and approval process
- Certified Professional in Erosion & Sediment Control (CPESC)
- Certified Professional in Storm Water Quality (CPSWQ)

If you have any questions or request character references, please do not hesitate to contact me directly at the information provided above. Thank you for your consideration.

Sincerely,

Keith Woodruff

Ms. Marjorie Quackenbush, Clerk  
Town of Warwick  
132 Kings Highway  
Warwick, NY 10990

Dear Ms. Quackenbush:

This will acknowledge the Town of Warwick Resolution Opposing the Orange and Rockland Utilities, Inc. rate increase, which was adopted by the Town Board on December 30, 2015.

I agree with you. I am enclosing a copy of correspondence, dated, November 25, 2014, which I wrote to the Public Service Commission in opposition to the rate hike.

Please be assured, I continue to work to improve economic development to create jobs and provide relief for hard working tax payers. I remain committed to overhauling our property tax system to protect homeowners who can no longer afford the growing burden they face every year, while also lowering costs for local government and school districts by reducing and eliminating unfunded state mandates, which drive up the costs of government for all New Yorkers.

If I can be of any further assistance, please do not hesitate to contact my office.

Sincerely,

A handwritten signature in black ink that reads "John J. Bonacic". The signature is written in a cursive style with a large, prominent "J" and "B".

State of New York  
Public Service Commission  
Three Empire State Plaza  
Albany, NY 12223

Re: Orange and Rockland Utilities, Inc. Electric and Gas Rate Hike

Dear Secretary Burgess:

I am writing to express my opposition to the recently announced proposed hikes by Orange and Rockland Utilities. According to its recent announcement, the utility is requesting a rate increase in revenues that would result in an overall customer bill increase of approximately 5.2 percent for electric delivery, and a 16.8 percent in gas delivery.

I strongly oppose these proposed increases. New Yorkers are struggling to make ends meet, especially with the costs associated with the new capacity zone; the last thing they need is an increase in their Orange and Rockland utility bill.

Please do all you can to ensure that these rate increases are denied, or reduced as much as possible.

Sincerely,

A handwritten signature in black ink that reads "John J. Bonacic". The signature is written in a cursive, flowing style.

JOHN J. BONACIC  
State Senator

January 9, 2015

Dear Consumer Leader:

This letter is to request your assistance in informing energy consumers of an energy modernization initiative which will fundamentally transform the way electricity is distributed and used in New York State. It will create the power grid of the future and enable customers to reduce their energy bills. This letter explains how consumers can learn more about this initiative and how they can provide input for consideration by the New York State Public Service Commission.

On April 25, 2014, the New York State Public Service Commission instituted the **Reforming the Energy Vision (REV) proceeding**, stating its intention to align electric utility practices and the Commission's regulation with technological advances that have created alternate ways to meet electricity demand. The Commission is considering a new business model for energy service providers where distributed energy resources (DER) -- such as distributed generation, storage, energy efficiency and demand response -- become increasingly available to consumers and become a primary tool in the planning and operation of the electric system.

The REV order designated two tracks for this proceeding. The first track considers the role of distribution utilities in enabling system-wide efficiencies and market-based deployment of DER and load management, examines wholesale market issues and explores opportunities for customer engagement. The second track will address the regulatory changes and ratemaking issues that will be necessary to implement the REV vision. The attached factsheet provides more details on the REV tracks.

Staff of the New York State Department of Public Service (Staff) issued a straw proposal on Track One issues. The straw proposal included numerous recommendations for the Commission to consider in this proceeding, including the identity of the DSP, the extent to which electric utilities will be permitted to engage in the DER market, access to customer data and utility energy efficiency programs.

To ensure full public participation in its regulatory reform efforts, the Department will conduct a series of informational sessions and public statement hearings, to seek public input and comment on Staff's straw proposal and Track One issues. At the information session, representatives from Staff will provide an overview of what the REV initiative means for customers and will be available to answer questions. The information sessions will be immediately followed by public statement hearings where all those wishing to comment on REV and the straw proposal will have an opportunity to make a statement on the record.

The dates and locations of the information sessions and public statement hearings are as follows:

**Syracuse**

**Wednesday, January 28, 2015**

The Oncenter  
800 South Street, Syracuse, New York

Information Session	6:00 PM
Public Statement Hearing	7:00 PM

**Buffalo**

**Thursday, January 29, 2015**

Buffalo Central Library  
1 Lafayette Square, Buffalo, New York

Information Session	2:00 PM
Public Statement Hearing	3:00 PM
Information Session	6:00 PM
Public Statement Hearing	7:00 PM

**New York City**

**Tuesday, February 3, 2015**

Borough of Manhattan Community College  
199 Chambers Street, New York, New York

Information Session	2:00 PM
Public Statement Hearing	3:00 PM
Information Session	6:00 PM
Public Statement Hearing	7:00 PM

**Kingston**

**Wednesday, February 4, 2015**

Council Chambers  
City Hall  
420 Broadway, Kingston, New York

Information Session                      6:00 PM  
Public Statement Hearing                7:00 PM

**Albany**

**Thursday, February 5, 2015**

State University of New York at Albany  
Page Hall  
135 Western Avenue, Albany, New York

Information Session                      6:00 PM  
Public Statement Hearing                7:00 PM

It is not necessary to be present at the start of the hearing, to make an appointment in advance, or to present written material to speak at the hearing. Persons will be called to speak after completing a request card. The public statement hearing will continue until everyone wishing to speak has been heard or other reasonable arrangements have been made. A verbatim transcript of the hearings will be made for inclusion in the record of these proceedings and will be posted on the Commission's website.

Disabled persons requiring special accommodations should call the Department of Public Service's Human Resources Management Office at (518) 474-2520 as soon as possible. TDD users may request a sign language interpreter by placing a call through the New York Relay Service at 711.

It is the Department's intention to facilitate and encourage active and meaningful public participation throughout the entire REV proceeding. If you cannot attend one of the hearings, we encourage you and your constituents to comment using one of the methods described in the factsheet. Additional information regarding the REV proceeding, including a copy of the straw proposal, is available on the Department's website at [www.dps.ny.gov](http://www.dps.ny.gov). Click on the "Reforming the Energy Vision (REV)" link at the top of the page.

Sincerely,

Erin O'Dell-Keller  
Outreach Manager  
Office of Consumer Service

## REV: Reforming the Energy Vision

Case 14-M-0101

*Proceeding on Motion of the Commission  
in Regard to Reforming the Energy Vision*

### About the Initiative:

The energy industry is in transition. Technological innovation and increasing competitiveness of renewable energy resources, combined with aging infrastructure, extreme weather events, and system security and resiliency needs, are all leading to significant changes in how electric energy is produced, managed and consumed.

To meet this challenge, the New York State Public Service Commission (Commission) commenced a proceeding to reform New York's energy industry and regulatory practices. The initiative, called Reforming the Energy Vision (REV), will align electric utility practices and the Commission's regulatory model with technological advances that have created alternatives to traditional solutions to meeting electricity demand.

The REV initiative will lead to regulatory changes that promote more efficient use of energy and a deeper penetration of renewable resources such as wind and solar. The Commission is considering a new business model for energy service providers where distributed energy resources (DER) – such as distributed generation, on-site power, micro-grids, demand response, and storage – become a primary tool in the planning and operation of the electric system. These changes will empower customers by allowing them more choice in how they manage and consume electric energy.

The Commission identified six policy objectives supporting this effort that will:

- enhance customer knowledge and tools to enable customers to manage their energy bills and provide more choice in how they use energy;
- animate the market and leverage ratepayer contributions;
- promote system-wide efficiency;
- increase fuel and resource diversity;
- enhance system reliability and resiliency; and
- reduce carbon emissions.

The Commission Order instituting the REV proceeding designated two tracks for this initiative:

- Track One examines the role of distribution utilities in enabling system-wide efficiencies and market-based deployment of DER and load management, ultimately providing a market in which customers are able to optimize their priorities with respect to reliability, cost and sustainability. This track considers whether the incumbent electric utilities should serve as the Distributed System Platform (DSP) provider (the entity that will manage and coordinate DER), as well as examining wholesale market issues and opportunities for customer engagement.
- Track Two will address the regulatory changes and ratemaking issues that will be necessary to implement the REV vision. This track is on a later timeline than the first track.

### Public Involvement:

The REV initiative was instituted as a public proceeding to gather input from all stakeholders into the decision making process.

Track One began with a collaborative process where working groups tackled issues related to market structure, platform technology, wholesale markets, microgrids and customer engagement. A public symposium and two technical conferences were held before the Commission on Track One issues.

On August 22, 2014, the Staff of the New York State Department of Public Service issued a straw proposal entitled “Developing the REV Market in New York: DPS Staff Straw Proposal on Track One Issues.” The straw proposal made numerous recommendations that the Commission will be considering in the context of a Track One Order in this proceeding including, among others, the identity of the Distribution System Platform provider, the extent to which electric utilities will be permitted to engage in the DER market, access to customer data and utility energy efficiency programs. Parties filed comments and reply comments on the straw proposal.

## Seeking Public Comment

The Commission now seeks further public comment on the straw proposal and Track One issues. The proposal can be viewed by visiting the Commission’s website, [www.dps.ny.gov](http://www.dps.ny.gov), and clicking on the “Reforming the Energy Vision (REV)” link at the top of the page and opening the document entitled “August 22, 2014 – DPS Staff issues REV Straw Proposal.” To provide for full public input, the Commission has established numerous ways to participate in the proceeding and to provide comments on the straw proposal/Track One:

- **Attend a Public Statement Hearing** – Between January 26 and February 6, 2015, the Commission will hold a series of hearings across the state where all those wishing to comment on REV and the straw proposal will have an opportunity to make a statement on the record, before an Administrative Law Judge. Additional information about the dates and locations of the hearings can be found on the REV webpage on [www.dps.ny.gov](http://www.dps.ny.gov).
- **Provide Comments via the Internet**- The public may submit comments electronically to the Hon. Kathleen H. Burgess, Secretary, at [secretary@dps.ny.gov](mailto:secretary@dps.ny.gov). Comments also may be entered directly into the case file from the Commission’s website, [www.dps.ny.gov](http://www.dps.ny.gov), by clicking “Reforming the Energy Vision (REV)” at the top of the page and then clicking “Submitting Comments” near the middle of the page. Written comments may be read on the website by searching Case 14-M-0101 and clicking on the “Public Comments” tab. Many libraries offer free internet service.
- **Provide Comments In Writing**: Comments may be submitted by mail or delivery to, Hon. Kathleen H. Burgess, Secretary, Department of Public Service, Three Empire State Plaza, Albany, New York 12223-1350. Comments should refer to “Case 14-M-0101 (Reforming the Energy Vision).”
- **Call the Toll-Free Opinion Line**: Individuals may choose to submit comments by calling the Commission’s toll- free Opinion Line at 1-800-335-2120. This line is set up to receive in-state calls 24-hours a day. These calls are not transcribed but a summary will be reported to the Commission. Comments should refer to “Case 14-M-0101 (Reforming the Energy Vision).”

Public comments will be accepted throughout the pendency of this proceeding, but parties are encouraged to comment on Track One policy issues prior to February 10, 2015. All comments will become part of the record considered by the Commission.

## Staying Connected

- **Subscribe to the Document and Matter Management System**- Stay informed of proceeding activities such as case filings or Commission issuances by subscribing to the Department’s on-line document management system. Registered users of the application can self-subscribe to the service or party list, submit comments and E-File. Visit the REV webpage on [www.dps.ny.gov](http://www.dps.ny.gov) for more information about this service.
- **Monitor the Case on Department’s Website**- Interested persons who choose not to sign up to receive e-mail notifications can visit [www.dps.ny.gov](http://www.dps.ny.gov) to check on the status of the proceeding. All documents filed by parties, correspondence, hearing transcripts, and documents issued by the Commission are posted on the website. Filings received by individuals who are not a party are posted under the ‘public comments’ tab on the webpage for Case 14-M-0101 (Reforming the Energy Vision).
