Date: March 23, 2015

ORIGINAL

To: Chief Thomas F McGovern
From: PO Nickolous Passamano
Subject: Letter of Resignation

Please accept this letter as notification of my intent to resign from the Warwick Police Department effective this date.

While I am grateful for the opportunity to serve the Warwick community I find it necessary to resign in order to pursue other opportunities.

Warwick, NY 10990

Attn: Michael Sweeton

Dear Mr. Sweeton,

I am writing to express my gratitude for your work getting the grants for the T.A.R.A. Spay and Neutering Certificates. These certificates have been of great assistance in getting feral cats spayed and neutered in our area. For the first time in many years I finally feel the situation is almost under control for us. We had numerous feral cats mating each season in the area and then hiding their kittens in the rock walls, which made them hard to catch. I finally went out and bought six traps at Harbor Freight. The grants made it possible for us to afford to fix the feral cats we have been able to trap thus far. Thank you again for making this possible.

Sincerely,

Danamarie Welch

Warwick, NY 10990

Dear Mr. Sweeton:

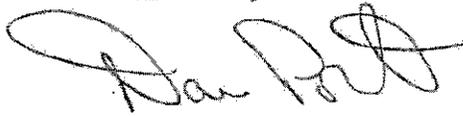

This letter serves as a follow-up to my original request of October 15, 2013. I am respectfully requesting the opportunity to be considered for the position on the Pine Island Recreation Committee.

My son attends the program and absolutely loves it. I can't thank the staff enough and feel I would be able to give back by being a committee member.

Should additional information be needed to support this request, please feel free to contact me at 845-206-6061.

Your consideration is greatly appreciated.

Sincerely,

Dawn Porter

www.inspectionsonline.com

I Emmanouil Zervakis would like to take this opportunity to introduce myself and extend my Electrical Inspection services to your Building Department and staff. I am a highly skilled career professional With more than 23 years of practical experience in the electrical field unlike other electrical inspectors Approved in this trade. I am a Certified and Licensed Electrical Inspector in Rockland County, NY. The name of My Inspection Company is New York Electrical Inspectors, Inc. Dba Inspections On Time.

Enclosed with this introduction letter is a packet of my License and Certification credentials for your review This includes a copy of my Rockland County Electrical Inspector License, R.C. Inspection Certificate And R.C. Approval Letter, copies of my three IAEL Electrical Inspector Licenses and Certificates, copies Of my NCPCCI 2A, 2B, 2C Certificates, copies of My Apprentice Training and Journeyman and Wireman Certificates, A copy of my Resume, A triplicate electrical inspection application for electrical contractors to fill out for Electrical Inspections to be performed, a list of approved towns and villages I am presently approved in to Perform electrical inspections, also including a list of towns and villages I am in the process of working on for Approval to perform Electrical Inspections, and finally a response letter for your Building Department Having any reason for not approving me as an approved electrical inspector in your jurisdiction, This respectfully requests a written letter of correspondence addressing the reasons for the non approval.

I would like to extend my services to your Building Department to perform electrical inspections for Residential, Commercial, and Industrial project sites. It would be my Pleasure to serve you and the residential And business owners in your jurisdiction. If you have previously received the packet of my Electrical Inspector documentation and have not had the Opportunity to review it I would appreciate it if you can please review the packet and present it to the Appropriate Parties involved in the decision making process that are able to review this Application packet for process, and Approval at the earliest convenience.

If you have any questions, require any additional documentation or would like to schedule an appointment for me To come in and meet with you and the Town Board members I would be happy to do so. Please feel free to contact Me at your earliest convenience. Thank you once again for your time and consideration in allowing me the Opportunity to be of service to you, the Building Department and the residential and business owners in the community.

Very truly yours,

Emmanouil Zervakis, President

Ms. Marjorie Quackenbush
Town Clerk
132 Kings Highway
Warwick, NY 10990

Dear Ms. Quackenbush:

This will acknowledge the Town of Warwick Resolution #R2015-89 Request For Reform – New York State Tax Cap Law, which was adopted by the Town Board on March 12, 2015.

I appreciate knowing the views of the Town. Please be assured, I will review the list you provide and share it with my colleagues during discussions on extending the property tax cap.

I am currently working for increased funding in the 2015-2016 budget for infrastructure projects, including increased highway funding. I understand that the property tax cap needs to be paired with mandate relief for local governments in order to lower their costs and I will continue to work to provide meaningful mandate relief to local governments in order to reduce the burdens imposed by New York State.

If I can be of any further assistance, please do not hesitate to contact my office.

Sincerely,

JOHN J. BONACIC
State Senator

Warwick Valley High School Crew Team
2014-2015

March 10, 2015

Mr. Michael Sweeton, Supervisor
Town of Warwick
132 Kings Highway
Warwick, NY 10990

Dear Mr. Sweeton and Town Board,

The Warwick Valley High School Crew Team respectfully requests approval from the Town Board for the use of the Thomas P. Morahan Waterfront Park for our annual Crew Regatta. The event is planned for Wednesday, May 13th from 2:00 pm until 8:00 pm.

As with last year's Regatta, we will make the required arrangements in the following areas: certificates of insurance from the Warwick Valley Central School District naming the Town of Warwick and the Village of Greenwood Lake as additional insured port-a-potties, traffic control and overflow parking plans, a beach-certified lifeguard and safety launch boats.

Adult supervision, both at the beach and on the water, will be provided by team coaches and parents throughout the event. The area will be left in clean condition.

Upon approval, we will forward to your office the required certificates of insurance.

Attached is the "Application for Use of Thomas P. Morahan Waterfront Park" along with the \$150 refundable damage deposit fee and the required certificates of insurance.

Sincerely,

Karen E Bower

Proposal Submitted To: Town of Warwick			Phone Number: (845) 986-1124		Fax Number:	
Street Address: 132 Kings Highway			Description of Work to be Performed: Washout / Chemical Cleaning / Inspection / Disinfection			
City: Warwick		State: NY	Zip Code: 10990		Tank Name: State School Road Tank	
					Tank Diameter: 64'	
Accounts Payable Contact Name: Marjorie Quackenbush		Email: townhall@townofwarwick.org		Job Site Address: 122 State School Road		
Job Contact (Inspection Reports): Jeffrey Feagles		Email: townhall@townofwarwick.org		County / Parish: Orange		Tank Size: 750KG
						Tank Style: Hydropillar

Utility Service Co., Inc. agrees to provide all labor, equipment, and materials needed to complete the following:

1. A date shall be coordinated by both parties for the Owner to drain the tank. (already drained, not in service)
2. The interior floor and lower walls of the tank will be cleaned using a pressure washer to remove all mud, silt, and foreign sediment. The tank is not be rigged to pressure wash the upper walls and roof, unless specified by this agreement.
3. Apply NSF 60-approved patented chemical cleaning agent to the interior walls up to the high water line and to floor surfaces.
4. Fresh water rinse all interior surfaces to remove cleaning agent and dilute/neutralize residual concentrations. Pricing assumes that neutralized wash-water and sediment can be disposed of through on-site drainage.
5. The tank will be inspected to assess the sanitary, safety, structural, security, and coatings conditions.
6. Exterior and interior paint samples will be taken and the samples will be analyzed at a certified laboratory to determine the total lead and chromium content of the existing coatings.
7. After all inspection work is completed, the tank will be disinfected in accordance with AWWA C652.
8. The tank will be sealed and made ready for service.
9. A comprehensive written report with color digital photographs will be submitted detailing the condition of the tank. Carol Smalley of Utility Service Group will schedule a date with the Owner/Engineer to present report and findings.
10. This price does not include containment, testing, or off-site disposal of sediment or debris from the tank.
11. The above pricing is contingent upon accessibility of the site and the ability of USG to perform tasks required unobstructed, and to complete the task in one (1) full work day. (\$1,500.00 per day for each additional day)

Chemical Washout Inspection and Disinfection: \$6,190.00 (includes steps 3 and 4 above)
Washout Inspection and Disinfection (no chemical application): \$2,670.00 (does not include steps 3 and 4 above)
Construction Engineering Estimates for Recommended Repairs and/or Rehabilitation: \$500 (additional amount)

Please sign and date this proposal and fax one copy to our office.

Six Thousand One Hundred Ninety and -----00/100 Dollars \$6,190.00

Payment to be made as follows: **Payment in Full Completion of Work – plus all applicable taxes**

Remittance Address: Utility Service Co., Inc., P O Box 674233, Dallas, TX 75267-4233

All material is guaranteed to be as specified. All work to be completed in a substantial workmanlike manner according to specifications submitted, per standard practices. Any alteration or deviation from above specifications involving extra costs will be executed only upon written orders, and will become an extra charge over and above the estimate. All agreements contingent upon strikes, accidents or delays beyond our control. Owner to carry fire, tornado and other necessary insurance. Our workers are fully covered by Workmen's Compensation Insurance.

Authorized
USG Signature

Note: This proposal may be withdrawn by us if not accepted within Sixty (60) days.

Acceptance of Proposal - The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

Subject: Town of Warwick, Chemical Washout Inspection and Disinfection Proposal

*** PLEASE CONFIRM RECEIPT ***

Good morning, Ross.

Thank you for the opportunity to provide you and the Town of Warwick with a proposal to perform a chemical washout inspection and disinfection as part of the re-commissioning of the State School Road Tank.

Attached please find our proposal for the following services:

1. Chemical Washout Inspection and Disinfection: \$6,190.00 (includes application of NSF-approved chemicals for more thorough cleaning)
2. Washout Inspection and Disinfection (no chemical application): \$2,670.00 (pressure washing only, no chemical application)
3. Construction Engineering Estimates for Recommended Repairs and/or Rehabilitation: additional \$500 (for USG tank engineers to prepare budgetary estimates for recommended repairs and/or rehabilitation)

Additionally, I have attached the following supporting documentation:

1. Utility Service Group Overview
2. USG Tank Cleaning Service
3. USG Storage Tank Condition Assessment
4. USG Storage Tank Rehabilitation
5. USG Tank Maintenance Program

As part of our inspection services, I will present the condition assessment report to you, share our findings, and explain our recommendations.

For Towns that have multiple storage tanks, we offer a multiple tank inspection program, where we rate and rank the tanks and establish a long-term tank management and maintenance plan that includes both an upfront rehabilitation and on-going annual inspections, reports, coating touch ups, interior chemical cleans, exterior pressure washes, emergency services, and transfer of risk from the municipality to USG for each of the tanks. For all of our municipal clients, we offer flexible financial plans to best meet the Town's budget. This service is procured under a hybrid professional services contract (and not a low-cost bid). USG has been the leader in tank asset management for over 50 years. In any given year, we inspect over 12,000 tanks, renovate 1,400 storage vessels, and manage over 6,000 assets.

When the time is right, we can talk about these options and services.

For now, please let me know if you have any questions regarding the attached proposal and supporting documentation. I am in my home office until about 10AM, and then I am in the field with clients for the remainder of the day. I will check email and voice mail throughout the day, however.

Best wishes with your board presentation this evening. We look forward to partnering with you on this and other projects.

Carol

Re: Town of Warwick, State School Road, Warwick, NY 10990

In accordance with the price, terms and conditions listed herein, we propose to furnish the labor, material, equipment and insurance necessary to perform a visual exterior and dry out-of-service interior inspection and clean out of **one (1) 750,000 gallon fluted hydropillar** and provide you with a detailed written report of findings with photographs, corrective recommendations, and cost estimates.

- This inspection will check for deficiencies.
- Items inspected will include (but not be restricted to) ladders, shell, roof, vent, roof manway, welds, weld seams, shell course, foundation and interior heater pipe.
- The tank will be inspected to ensure compliance with all current OSHA, EPA, AWWA, and NFPA-22&25 requirements.
- All possible sources of contamination, including vent screening and overflow pipe will be reviewed.
- The following tests shall be performed as part of this inspection:
 - Ultra-sonic test (metal thickness)
 - Mill thickness test (coating thickness)
 - Lead check
 - Cross hatch test (paint adhesion)
- Our personnel implement a confined entry program procedure in strict conformance with 29 CFR 1910.146 OSHA, which became effective April 14, 1993.
- Not included in this proposal are the handling, removal, and/or disposal of hazardous materials (asbestos, lead, chemicals, fiberglass or any like substance that must be taken to a specific dump/disposal site.
- The below stated price(s) does not include bid or performance bonds.
- Clean out is the removal of all sediment and debris not to exceed one (1) inch. Tank will be disinfected in accordance with AWWA Method 3.
- Debris may be placed in containers furnished by Owner for disposal by others, or scattered around the site. Owner to furnish water for clean out and at base of tank pressure to be sufficient for use.

The above for the sum of.....\$3,570.00

Note: Tank must be drained by owner prior to our arrival.

TERMS: 50% with order and Balance Upon Completion
MasterCard, Visa and American Express are accepted

The parties approving this contract certify that they are fully authorized to do so, and that all legal requirements have been complied with. You are hereby authorized to furnish all labor, material, equipment and insurance required to complete the work mentioned in the above proposal, for which the undersigned agrees to pay the amount mentioned in said proposal and according to the terms thereof. In the event purchaser fails to abide by the terms and conditions of the contract requiring Pittsburg Tank & Tower Maintenance Co, Inc to collect on amounts due and owing, Purchaser agrees to pay all attorney fees and all costs incurred by Pittsburg Tank & Tower Maintenance Co, Inc to secure said payments from purchaser.

Please visit our web site at www.watertank.com

Relative to the chlorination of your tank(s), we recommend Chlorination Method #3. This AWWA approved method consists of the following:

1. Disinfection procedure:

- * Place 1.6 pounds of Calcium Hypochlorite (65% HTH) in fill line per each 50mg gallons of water
- * Fill the tank to approximately 5% of its capacity

2. The balance of the procedure: To be performed by others

- * Let stand for a minimum of six (6) hours.
- * Fill the tank with potable water to overflow level.
- * Let stand for a minimum of twenty-four (24) hours.
- * Purge all highly chlorinated water from the drain piping.

Additional responsibility to be performed by Others:

Following this procedure, and subject to satisfactory bacteriological testing, by others, and acceptable aesthetic quality, the remaining water may be delivered to the distribution system.

Re: Town of Warwick, State School Road, Warwick, NY 10990

Ross,

Please find our proposal to inspect and clean out one (1) 750,000 gallon fluted hydropillar.

Pittsburg has been serving the nation's tank needs for more than ninety years and our fully equipped and experienced crews specialize in all the services listed above in our letterhead. **We are a veteran owned company.**

We will furnish ten million dollars (\$10,000,000) worth of insurance for our mutual protection.

To accept our proposal, just sign and return one (1) copy to our Henderson, Kentucky office.

Respectfully,
Pittsburg Tank & Tower Maintenance Co., Inc.

Proposal

ATTENTION Mr. Keith Woodruff		DATE 9/3/2014
COMPANY Engineering & Surveying Properties, PC	TYPE E	REVISED
ADDRESS 71 Clinton Street	PROJECT Dry Evaluation - 750,000 Gallon Hydropillar	
CITY, STATE, AND ZIP CODE Montgomery NY 12549	LOCATION Mid-Orange Correctional Facility, Warwick, NY	

MBA is pleased to submit a proposal to perform a full dry evaluation on the 750,000 gallon hydropillar located in Warwick, NY, in accordance with AWWA standards.

The exterior, interior dry, and interior wet will be inspected visually to review the condition of the coating, foundation, and tank appurtenances. Lead testing of the coatings will not be performed.

Upon completion of our evaluation, we will provide two copies of the full written report of our findings and recommendations for repairs and recoating to get the tank back on-line, along with a cost estimate and digital photographs.

Pricing for this work is four thousand eight hundred fifty dollars (\$4,850), inclusive of all expenses.

MBA will furnish all labor, equipment, and materials in accordance with above specifications for the lump sum price of
 Four thousand eight hundred fifty Dollars (\$4,850.00)

Payment to be made as follows: net 15 days, upon receipt of report

Authorized Signature: *Christina Amantillo*
 This proposal may be withdrawn if not accepted within 30 days.

Acceptance of Proposal

The above prices, specifications and conditions are satisfactory and are hereby accepted. You are authorized to do the work as specified. Payment will be made as outlined above.

NOTICE

Under the Mechanics' Lien Law, any contractor, subcontractor, laborer, supplier or other person who helps to improve your property but is not paid for his work or supplies, has a right to enforce a claim against your property. This means that, after a court hearing, your property could be sold by a court officer and the proceeds of the sale used to satisfy the indebtedness. This can happen even if you have paid your own contractor in full, if the subcontractor, laborer or supplier remains unpaid.
 Under the law, you may protect yourself against such claims by filing, before commencing such work of

improvement, an original contract for the work of improvement or a modification thereof, in the office of the county recorder of the county where the property is situated and requiring that a contractor's payment bond be recorded in such office. Said bond shall be in an amount not less than fifty percent (50%) of the contract price and shall, in addition to any conditions for the performance of the contract, be conditioned for the payment in full of the claims of all persons furnishing labor, services, equipment or materials for the work described in said contract.
