Re: Study# 821- 6258/ File #: 33.37-17A
Speed Studies on Route 17A
Town of Warwick, Orange County
T21-284

Dear Eileen Astorino:

Thank you for your correspondence to the New York State Department of Transportation (NYSDOT), dated October 29, 2021, requesting a linear speed limit of 45 miles per hour (MPH) on Route 17A from the Village of Warwick border to the Village of Greenwood Lake border in the Town of Warwick, Orange County.

NYSDOT completed a traffic study at this location and has determined the existing unsigned 55 MPH state speed limit is appropriate along Route 17A from the Village of Warwick line to the Village of Greenwood Lake border.

A review of the most recently available crash history, from 6/1/2017 to 5/31/2022 revealed no pattern of crashes that could be attributed to speed.

A speed study was conducted on 12/01/2021. The speed data collected near County Park Lane indicated that the 85th percentile speed was 53 MPH. Additional speed data was collected at Mt. Peter Road, and it indicated that the 85th percentile speed was 51.2 MPH. NYSDOT's study, using the accepted practices, found that this stretch of roadway did not meet the criteria for lowering speed limit. Travel speeds were at or near the speed limit and other mitigating circumstances were not present.

Thank you for your interest in and support for the transportation system. For further questions, please contact the Regional Traffic and Safety Group at (845) 437-3320 and reference T21-284.

Sincerely,

C. Kingsley Onyeche
Transportation Analyst

TOWNSHIP OF VERNON

ORDINANCE #25-03

ORDINANCE OF THE TOWNSHIP OF VERNON, COUNTY OF SUSSEX, STATE OF NEW JERSEY, AMENDING CHAPTER 330, "NONCONFORMING BUILDINGS AND USES" OF THE CODE OF THE TOWNSHIP OF VERNON TO ALLOW FOR THE RECONSTRUCTION OF EXISTING DWELLINGS WITHIN THE EXISTING FOOTPRINT

WHEREAS, the Township Council of the Township of Vernon ("Township") has reviewed the existing language of the Township Code regarding pre-existing, non-conforming uses, specifically, residences that were constructed prior to the adoption of the Township Code; and

WHEREAS, The Township Council has determined that it is in the best interests of the Township to permit the demolition and reconstruction of certain residential structures without the need for a variance application.

NOW, THEREFORE, BE IT ORDAINED by the Township Council of the Township of Vernon that the code of the Township of Vernon is hereby amended as follows:

SECTION 1. Article XI, "Zoning," is hereby supplemented as follows:

§ 330-181 Nonconforming buildings and uses.

[no changes to Subsections A through E]

F. A principal building, accessory building or structure and/or deck including its foundation, which is conforming in use but violates the yard, coverage, setback, and/or height requirements of this article may not be extended, expanded, or enlarged within any required yard or setback area nor extended above the height limits of this article be demolished and reconstructed provided that the following standards are met:

(1) Any lawfully pre-existing, non-conforming residence constructed prior to 9-26-2005, may have constructed upon it a new dwelling, including a new foundation, and/or construction of an accessory building pursuant to subsection (2), below, without an appeal for variance relief and provided that:

- i. The existing uses on the lot conform to the permitted uses in that zone; and
- ii. The new building footprint is identical to or smaller than the existing building footprint; and
- iii. The new building does not exceed the permitted height in the zone.

(2) Any lawfully pre-existing, non-conforming accessory building or structure constructed prior to 9-26-2005 may be reconstructed provided that:

- i. The new accessory building or structure footprint is identical to or smaller than the existing building footprint; and

Strikeouts are deletions. Underlines are added material.

- ii. The new accessory building or structure does not exceed the maximum permitted height in the zone; and
 - iii. Any accessory building or structure shall not, for any length of time, exist on the property without the presence of a principal structure that has been issued a Certificate of Occupancy.
- (3) Any lawfully pre-existing, non-conforming residential deck or porch constructed prior to 9-26-2005 may be reconstructed provided that:
- i. The new deck or porch footprint is identical to or smaller than the pre-existing porch or deck footprint.

[no changes to Subsections G through K]

SECTION 2. Severability.

The provisions of this Ordinance shall be severable. In the event that any portion of this Ordinance is found to be invalid for any reason by any Court of competent jurisdiction, such judgment shall be limited in its effect only to the portion the Ordinance actually adjudged invalid and shall not be deemed to affect the operation of any other portion thereof, which shall remain in full force and effect.

SECTION 3. Repealer.

All ordinances and resolutions, and parts of ordinances and resolutions which are inconsistent with provisions of this ordinance shall be, and are hereby, repealed to the extent of any such inconsistency.

SECTION 4. Effective Date.

This ordinance shall take effect upon final adoption and publication in accordance with law.

CERTIFICATION

This is to certify that the above Ordinance was introduced and passed on first reading at the Meeting of the Township Council held on February 10, 2025, and the same came up for final passage and was adopted at the Meeting of the Township Council held on March 24, 2025 at which time all persons interested were given an opportunity to be heard. The above ordinance will be in full force and effect in the Township of Vernon according to law.

Marcy Gianattasio, Clerk
Township of Vernon

Anthony Rossi, Mayor

sustainable
warwick

**Climate Smart
Communities**

In April 2025, Sustainable Warwick and the Town of Warwick Climate Smart Community are co-sponsoring the Orange County Coolest Recycling Drive of 2025. The drive will collect refrigerator-containing appliances and properly recycle them. This service (which usually costs \$15) is **free** and open to everyone. It covers appliances such as refrigerators, window air conditioners, dehumidifiers, water coolers, and mini-fridges – any consumer appliance that has refrigerants. Refrigerant tanks and canisters are also accepted.

Look inside
for collection
locations
and dates.

We want to thank the following officials and organizations for their support of the Coolest Recycling Drive:

Supervisor Jesse Dwyer and the Town of Warwick

Supervisor Brandon Holdridge and the Town of Chester

Mayor Daniel Harter, Jr. and the Village of Florida

Mayor Thomas Howley and the Village of Greenwood Lake

Mayor Michael Newhard and the Village of Warwick

The Warwick Valley Chamber of Commerce

Greenwood Lake Lions Club

**NEW YORKERS

sustainablewarwick.org

Sustainable Warwick is a fiscally sponsored project of Community2gether

Orange County

**COOLEST
RECYCLING
DRIVE of 2025**

Helping
declutter
homes while
keeping the
earth cool

Why?

We want to help everyone properly recycle their refrigerant-containing appliances.

The chemicals used as refrigerants are engineered and industrially produced to be able to transfer heat when trapped in a pressurized system. When these chemicals are released into the atmosphere, they become greenhouse gases that are thousands of times more powerful than carbon dioxide. The refrigerant used in most window air conditioners is R410A. If 2.5 pounds of R410A are released to the atmosphere, over the next 20 years they will act like more than 11,000 pounds of carbon dioxide, or roughly the same emissions of driving the average car for a full year. **A single air conditioner can hold up to 2 pounds of R410A**, so we want to help everyone properly recycle their refrigerant-containing appliances.

We offer this service for free, but gladly accept donations.

A single air conditioner can hold up to 2 pounds of R410A.

When and Where

Drop-off events will be held at the following locations and times:

Saturday, April 12th

10 AM to 2 PM at Chester Town Hall
1786 Kings Highway, Chester NY 10918

Sunday, April 13th

11 AM to 2 PM at GWL Village DPW
70 Elm St, Greenwood Lake, NY 10925

Monday, April 14th

3 to 6:30 PM at Warwick DPW*
63 Public Works Rd, Warwick, NY 10990

Saturday, April 19th

1 to 4 PM at Florida Village Barn
Maple Ave, Florida, NY 10921

Tuesday, April 22nd

3 to 6:30 PM at Warwick DPW*
63 Public Works Rd, Warwick, NY 10990

Saturday, April 26th

9 AM to noon at Warwick DPW*
(Operation Clean Sweep hours)
63 Public Works Rd, Warwick, NY 10990

Please do not leave appliances at those locations at any other time!

*Note we will only accept full-size refrigerators at the Warwick DPW drop-off events.

PROPOSAL SUBMITTED TO: Town of Warwick

JOB NAME: Well Pump and Pitless Adapter
JOB LOCATION: Kay Road
Pine Island, NY

We are pleased to submit this proposal based on the request made for this work and the specification documents received.

WE HEREBY PROPOSE THE FOLLOWING PLUMBING SCOPE OF WORK:

- Furnish and install one (1) pit-less adapter for the new well
 - Baker # 4PS810WBWE022S pitless adapter to be installed on existing 8" well casing
 - This adapter will provide connection for a 2" drop pipe and a 2" outlet
 - Excavation as needed to install the new adapter at the correct bury depth will be provided
 - Weld connection from existing well casing to new pitless adapter assembly
 - It is assumed the well casing will not need to be extended for this purpose
 - Well cap and seal are included with new adapter
 - Wire sizing to be coordinated for correct well seal on cap to be provided
- Furnish and install one (1) new well pump
 - New pump to be rated for 25 GPM at 272 TDH
 - Pump proposed is by Berkeley and will be submitted for approval
- New well drop pipe to be 2" diameter galvanized steel
 - Pump depth is assumed to be between 100' and 150' into the newly drilled well
 - Final depth to be determined based on well drilling log to be provided by project owner
- Approved submersible power cable to be installed from well pump up to well head
 - Power from source to well head and final connection to be made by others
- Connect from pitless adapter to existing underground supply piping
 - Piping assumed to be 2" diameter and within 5' of new well location
- VFD control to be furnished and installed by others
- Pump startup will be done after all wiring connections are made
 - No flushing of well or chlorination is included in this proposal

INCLUSIONS: LAYOUT AND COORDINATION; EXCAVATION AND BACKFILL NEEDED FOR PITLESS INSTALLATION; EQUIPMENT AND HOISTING FOR WELL PUMP INSTALLATION; PREVAILING WAGES; CONTRACTOR INSURANCES; ONE YEAR WARRANTY

EXCLUSIONS: PERMIT FEES; TEMPORARY FACILITIES AND/OR UTILITIES; OVERTIME OR OFF-HOUR SCHEDULING FOR WORK; WELL LEVEL SENSOR TRANSDUCERS OR SLEEVE LINE FOR FUTURE TRANSDUCER INSTALLATION

TOTAL BASE BID: **\$31,200**

Hey Bonnie,

I met with the owner of the company tonight because I am having an issue getting the quote. It is an issue with the shipping estimator. I have sent the issue to our programmer for him to fix it for me. In the meantime, I am getting a shipping quote another way and will send it to you tomorrow. I am so sorry for the inconvenience.

Good morning, Kathy,

The Town will be ordering flags for veteran graves again for 2025.

Would you provide a quote for 2,856 flags? The quote from 2024 is attached for reference.

If you could provide the quote to me by the 1st of April, I would appreciate it.

I look forward to hearing from you.

Take care,

Bonnie Kane

Comptroller

Hi Bonnie,
Do you have the quotes for the flags yet?

Eileen M Astorino
Town Clerk/Registrar
132 Kings Highway
Warwick, NY 10990
