May 28, 2019

Dear Community Leader/Elected Official:

In March 2019, Suez Water New York, Inc. (SWNY) requested that the New York State Public Service Commission (Commission) approve new water service rates effective February 1, 2020. The rate request was filed under the assumption that the Commission would approve the merger of all Suez Water operating units, including the current SWNY, Suez Water Westchester, Suez Water Owego-Nichols and the Forest Park Group.

I am writing to inform you that the Commission has scheduled public statement hearings to gather public input. The hearings are open to the public who wish to participate and comment. The public comments received at these hearings will be considered by the Commission in deciding this case. The enclosed fact sheet provides detailed information on how to participate in the public statement hearings as well as the available options to submit comments on the proceeding.

I would appreciate your assistance with informing your constituents about the public statement hearings and encouraging them to provide comments. It is the Commission's intent to facilitate and encourage active and meaningful participation throughout all of its proceedings. We hope you will consider joining us at one of these hearings.

Sincerely,

John Auricchio
Acting Director
Office of Consumer Services

Public Service Commission

Factsheet and Notice of Public Hearings

Suez Water New York Inc. Proposed Rate Increase and Merger Case 19-W-0168

In March 2019, Suez Water requested the New York State Public Service Commission (Commission) approve proposed increases in its water service rates. The Company subsequently filed a petition seeking to consolidate all four of its New York operating units into one entity called Suez Water New York, Inc (SWNY/Company). Suez Water requested that the Commission consider the two petitions together for a common record and schedule.

New York State Department of Public Service (DPS) Staff is in the process of evaluating whether -or to what extent - a rate increase is justified and whether merger of the companies is in the public interest. DPS Staff represents the public interest in these proceedings and evaluates such requests with the goal of ensuring safe and reliable service at just and reasonable rates. Review of the filings is also underway by other parties to these proceedings. The information contained in this factsheet does not reflect DPS Staff's ongoing evaluation of the proposals.

SUMMARY OF THE PETITIONS

Merger Joint Petition:

SUEZ Water currently has four operating units within New York State. Suez Water NY serves approximately 74,000 customers in Orange and Rockland counties and Suez Water Owego-Nichols serves 1,550 customers in Tioga county. In Putnam and Westchester counties, Suez Water Westchester serves 43,500 customers and Suez Water Forest Park serves 980 customers.

On April 10, 2019, the four water companies submitted a Joint Petition to the Commission, pursuant to Public Service Law Sections 89-h and 108, for approval to merge their operating units, with SWNY as the surviving entity. The Joint Petitioners stated that the proposed merger is in the public interest and that their customers will benefit from the merger because:

- Consolidating small water systems will improve the water service afforded to the systems' customers;
- It will reduce, where possible, regulatory and administrative requirements;
- Capital investment and infrastructure replacement costs will be spread out over a large rate and customer base; and,
- The combined company will have a stronger financial posture, while retaining access to the operational, technical and managerial capabilities, which include infrastructure renewal, water treatment, research and development, customer service, information technology and water quality monitoring.

Rate Case Petition:

On March 4, 2019, Suez Water companies filed for new water rates to be effective February 1, 2020 through January 31, 2021. The filing proposes to merge tariffs under one common set of rules and regulations but maintain three separate rate districts with different rates. The three districts would be Rockland, Westchester, and Owego (consisting of Owego-Nichols and Forest Park).

According to SWNY, major rate drivers for the proposed rate increases include increases in the cost of providing service, higher property taxes and continuation of its water conservation program. According to the Company, the proposed revenue increases are necessary to ensure that the Company can meet the needs of providing safe, adequate and reliable water service to its customers.

➤ Proposed Rates:

The proposed revenue increase is approximately \$31.5 million (or 19.8% increase to current revenues). The proposed rates would include the following changes for an average monthly bill for residential customer:

- Rockland and Orange Counties: increase by \$10.50 (a change of 18.6%)
- Westchester County
 - City of Rye and villages of Rye Brook and Port Chester: increase by \$5.40 (11.5%)
 - Forest Park: increase by \$2.70 (5.6%)
 - Other parts of county: decrease by \$4.20 (7.5%)
- Tioga County: no change

➤ Additional Components

- The consolidated company would be operated under a single tariff with one set of rules and regulations and merge certain rate design elements, with the goal of eventually adopting uniform rates across all operating units.
- The Company is proposing to replace the current rate structure with a fixed facility charge and move from a seasonal rate structure to inclining usage blocks for residential, multi-family and non-residential customers. The first rate block would be set at water usage of 0-5 ccf per month (approximately 3,700 gallons) and would be charged one rate, while consumption in the next block (i.e. above 5 ccf) would be charged a higher rate. SWNY suggests that this rate structure will encourage conservation by customers that use water for discretionary purposes like lawn watering and other outdoor usage.
- SWNY is proposing restructuring its current Conservation Program and rolling the program out to all counties within the merged operating units. Components of the program include the conservation-oriented rate design (described above), water audits, partnership with retailer stores and customer outreach and education. The filing proposes eliminating the Conservation Incentive Mechanism developed in SWNY's last rate case (16-W-0130).
- The Company's proposal includes a plan to invest \$440 million over the next five years for infrastructure projects, such as the Deforest Reservoir Upgrade, the Westchester Disinfection Project, and planned increase in main replacement projects.

The full text of the petitions may be viewed online at DPS's www.dps.ny.gov website. From the homepage, click on "Search," and enter the rate case number (19-W-0168) in the "Search by Case Number" field.

PUBLIC INVOLVEMENT

The Commission strongly believes that obtaining public input is a critical component of the rate-setting and petition processes. Stakeholders such as consumers, government agencies and officials, public interest and environmental groups, and industry representatives are invited to participate in the process, review the proposals, and submit comments.

An Administrative Law Judge (ALJ) will preside over the gathering of public comments and all evidence relating to these cases. The Commission must consider a utility's proposal and may adopt or reject it in whole or in part or modify it by adopting changes proposed by participating parties, the public or the Commission.

There are several ways to participate in the rate case and merger petition review process, including:

- **Provide Comments**: Comment on the proposed rate increases and the proposed merger by Suez are sought. Comments received by the Department will become part of the record considered by the Commission. Comments will be accepted at any point while these proceedings are pending but are requested by **August 30, 2019**.
- **Via Public Statement Hearings**: The Commission will hold hearings in three locations in Suez's service territory in June 2019. Interested members of the public are invited to attend the public statement hearings and provide comments regarding the proposals. The hearings will be preceded by an informational forum where a Suez representative will provide a brief overview of the Company's proposals and an ALJ will explain the review process under the Public Service Law and how individuals can participate. It is not necessary to make an appointment in advance or present written material to speak at the hearings.

The dates, times and locations are as follows:

Date	Location	Time
June 11, 2019	Putnam Co. Training Center 112 Old Route 6 Carmel, NY 10512	Informational Forum - 1:00 pm Public Statement Hearing – 2:00 pm
June 11, 2019	Rye City Hall City Council Chamber 1051 Boston Road Rye, NY 10580	Informational Forum - 7:00 pm Public Statement Hearing – 8:00 pm
June 12, 2019	Rockland Co. Legislature Legislative Chambers 11 New Hempstead Road New City, NY 10956	Afternoon Forum - 2:00 pm Afternoon Hearing – 3:00 pm Evening Forum - 6:00pm Evening Hearing – 7:00 pm

- **Via the Department's Website**: Comments may also be entered directly into the case via the www.dps.ny.gov website. Enter the associated case number (Suez Rate Case: 19-W-0168) in the "Search by Case Number" field on the homepage of the website. After clicking to open the case, enter comments in the "Post Comments" section located at the top of the page.

- **Via Mail/E-Mail:** Submit comments electronically to Kathleen H. Burgess, Secretary, at secretary@dps.ny.gov or by mail or delivery to Secretary Burgess at the Department of Public Service, Three Empire State Plaza, Albany, New York 12223-1350. Comments delivered in these manners should reference the rate case number.
 - **Via Toll-Free Opinion Line:** Individuals may choose to comment by calling the Commission's Opinion Line at 1-800-335-2120. This line is set up to receive in-state calls 24-hours a day. Callers should press "1" to leave comments about Case 19-W-0168 "Suez NY." Comments received via the Opinion Line are not transcribed, but a summary is provided to the ALJs and to the Commission for its consideration.
- **Request Party Status:** Some individuals or groups participate in rate cases by becoming a party in the case. Generally, parties commit to contribute to the development of a complete record in a proceeding by conducting discovery, submitting testimony, briefs, or other formal written comments, and/or participating in evidentiary hearings, procedural conferences and other formal events conducted in the case.
- A request for party status can be submitted online through the Commission's website (www.dps.ny.gov) by searching for the case numbers and clicking the "Request for Party Status" link at the top of the Case page. Alternatively, a request form can be downloaded from the website or by writing to the ALJs, NYS Public Service Commission, Three Empire State Plaza, Albany, NY 12223. The requestor will be given provisional party status, subject to the right of other parties to object and subject to the determination of the ALJs.
- **Join the Service List:** Interested persons may monitor a proceeding by subscribing to the service list of that proceeding. Such persons will receive an e-mail with a direct link to the documents issued by the Commission, such as orders, notices, and rulings. Persons unable or unwilling to receive such electronic notification will receive hard copies of Commission-issued documents by regular mail.
- To register online, click on the "Subscribe to Service List" link at the top of the dedicated page for Cases 19-W-0168. A "Service List and Mail Service List Request Form" can be downloaded from the site and the completed form sent by e-mail to Hon. Kathleen H. Burgess, Secretary at secretary@dps.ny.gov or by mail to: Secretary, Public Service Commission, Three Empire State Plaza, Albany, NY 12223-1350.
- **Monitor the Case on the Commission Website:** Interested persons who choose not to receive e-mail notifications can visit www.dps.ny.gov to check on the status of the cases. For a given case, all documents filed by parties, correspondence, hearing transcripts, and Commission issued documents are posted on the website. All written comments submitted by the public are posted under the "public comments" tab for the case.

RE: Training Request

RECEIVED
JUN 11 2019
Town of Warwick
Town Clerk

I respectfully request the Board's approval to attend the Institute of Assessing Officer's Seminar on Appraising held at Cornell University the week of July 15-19, 2019.

I will be attending a four-day course July 15 – 18.

This seminar is important to further enhance appraisal skills, stay current with the law and to fulfill the State's annual recertification requirement.

The necessary funds for attending were previously approved by the Town Board in the current budget.

Please contact me with any questions you may have.

Dear Municipal Official:

At Orange & Rockland, we strive to work efficiently and safely to carry out utility-related projects with the least amount of inconvenience to the communities we serve. Coordinating projects with our municipal partners, along public roads and rights-of-way, is an integral part of that effort.

Each year, in January and June, we ask that you share your paving and road improvement schedules with us so we can coordinate our underground infrastructure projects with yours. When these schedules align, we're better able to minimize disruption to our communities. In addition, by working together, we can more effectively prevent damage to underground facilities, especially utility gas mains.

In order to achieve this objective, please share your current project schedules with us, including:

- Road excavations that involve installing, upgrading or repairing drainage, water and sewer lines
- Road construction improvement work other than paving (i.e., that affects road elevations, or current traffic pattern)
- Sidewalk and curb replacement projects
- Paving

The schedules can be sent either by email or fax to:

Michael Grant at GrantMi@oru.com
Fax: 718-923-7073

Excavators, contractors, design engineers, and municipal officials can place a location/mark-out request by calling Dig Safely New York toll free at 811 or 1-800-962-7962. Go to <https://www.digsafelynewyork.com/> for additional information.

As you begin your municipal projects, we remind you to call 811 at least two full working days, before digging on public or private property, to avoid damaging underground infrastructure.

Thank you in advance for your cooperation. Please contact Michael Grant if you should have any questions. He can be reached at the email address above or by phone at (845) 783-5480.

Sincerely,

Neil L. Winter, Jr.

25 DE JUNIO 2019**

INSTRUCTIONS:

- (1) Mark only with a writing instrument provided by the Board of Elections.
- (2) To vote for a candidate whose name is printed on this ballot fill in the oval ☐ above or next to the name of the candidate.
- (3) To vote for a person whose name is not printed on this ballot write or stamp his or her name in the space labeled "Write-In" that appears at the bottom of the candidates names for such office.
- (4) To vote yes or no on a proposal, if any, that appears on the back, fill in the oval ☐ that corresponds to your vote.
- (5) Do not mark or write, or any ensure made on this ballot outside the voting oval or blank spaces provided for voting will void this entire ballot.
- (6) Do not over-vote: If you select a greater number of candidates than there are vacancies to be filled, your ballot will be void for that public office, party position or proposal.
- (7) If you tear, or deface, or wrongly mark this ballot, return it and obtain another. Do not attempt to correct mistakes on the ballot by making erasures or cross outs. Erasures or cross outs may invalidate all or part of your ballot. Prior to submitting your ballot, if you make a mistake in completing the ballot or wish to change your ballot choices, you may obtain and complete a new ballot. You have a right to a replacement ballot upon return of the original ballot.
- (8) After completing your ballot, insert it into the ballot scanner and wait for the notice that your ballot has been successfully scanned. If no such notice appears, seek the assistance of an election inspector.

INSTRUCCIONES:

- (1) Marque únicamente con un implemento de escritura suministrado por la Junta de Elecciones.
- (2) Para votar por un candidato cuyo nombre está impreso en esta papeleta, llene el óvalo ☐ que está sobre el nombre del candidato, o junto a éste.
- (3) Para votar por una persona cuyo nombre no está impreso en esta papeleta, escriba o estampas su nombre en el espacio denominado "Escribir" que aparece al final de los nombres de los candidatos para ese cargo.
- (4) Para votar si o no sobre una propuesta, si la hubiera, que aparece al reverso, llene el óvalo ☐ que corresponda a su voto.
- (5) Cualquier otra marca o escritura, o borrón sobre la papeleta, o marcas por fuera de los óvalos de votación o espacios en blancos proporcionados para votar, invalida toda la papeleta.
- (6) No vote en exceso: Si selecciona un número de candidatos mayor que el número de vacantes a llenar, su voto será nulo para ese cargo público, puesto en el partido o propuesta.
- (7) Si usó raspa, desfigura, o marca de forma incorrecta esta papeleta, devuélvala y se le entregará otra. No intente borrar ni tachar para corregir errores en la papeleta. Los borrones o tachaduras pueden invalidar toda o parte de la papeleta. Antes de entregar su papeleta, si comete un error al llenar la papeleta, o si desea cambiar sus opciones de voto, puede obtener una nueva papeleta para llenarla. Usted tiene derecho a recibir una nueva papeleta a cambio de la papeleta original.
- (8) Después de llenar su papeleta, insértela en el escáner y espere la notificación de que su papeleta se ha escaneado de manera exitosa. Si no aparece dicha notificación, solicite la ayuda de un inspector de elecciones.

If you can't fix it; you don't own it! Please share this info with all you think appropriate.

Subject: Support for the "Right to Repair" in NYS!

RECEIVED

JUN 05 2019

Town of Warwick
Town Clerk

Mr. Sweeton,

You've been a great supporter of Warwick's Repair Café, the first in our County – and now there are four!

Now, we have

a rare instance of inviting our Repair Cafe community to express support for a policy initiative that affects what we do. Legislation to protect our "right to repair" is before lawmakers in 19 states. In New York, the Fair Repair Act has just confirmed sponsorship by Senator Neil Breslin and Assemblywoman Donna Lupardo, with strong bi-partisan support.

The session is nearly done--this is the week to voice support. I understand that Librarians and other employees cannot not do this in their professional capacity, but you might want to as a citizen.

Go to <https://newyork.repair.org/>

There you will enter your constituent information (name, address) which will set up email or phone contact with your representative.

Then: either send a brief email or make a phone call. Here is language you can use for either:

We should be able to fix the stuff that we buy and own, but the companies that make our stuff go out of their way to block repair. They monopolize repair, and charge people whatever they want to drive people to buy new things -- from cell phones to vacuum cleaners and washing machines. Even farmers can't fix their John Deere tractors anymore without going to the dealership. Repairing things is common sense, saves money for consumers and cuts needless waste! We are calling for a policy that will give people what they need to fix their stuff. I urge your support for the Fair Repair Act, Senate bill S6309 and Assembly bill A7416A. Thank you!

I am attaching a fact sheet, and if you have other questions, I'm happy to help.

Best,

John Wackman, Coordinator, Elizabeth Knight, Organizer

646-302-5835

Repair Café Hudson Valley & Catskills

New York Right to Repair bill information and sample talking points.

Bill references: Senate, S6309 (Breslin) Assembly, A7416A (Lupardo)

Action link: <https://newyork.repair.org/>

Short Version: We should be able to fix the stuff that we buy and own, but the companies that make our stuff go out of their way to block repair. They monopolize repair, and charge people whatever they want to drive people to buy new things -- be they cell phone, washing machines. Even farmers can't fix their tractors anymore with going to the John Deere dealership. Repairing things is common sense, save money for consumers and cuts needless waste! We are calling for a Right to Repair bill that give people what they need to fix their stuff.

More details:

Problem: The companies that make our modern devices -- from cell phones to tractors -- go out of their way to block our ability to repair those products or to hire anyone but their authorized technicians. This create big problems:

- **More cost for consumers.** When there is no competition, manufacturers charge whatever they want for repairs. A Chicago Businesses magazine reported that profit margins are 5 times higher on repairs of John Deere farm equipment than on sales. You see the same thing in computer repair. In one case, Apple quoted \$1200-\$1900 to a journalist to fix a laptop a New York technician fixed for free in under 2 minutes.
- **More electronic waste.** When the costs to fix something are outrageous, or not even available, people replace items a lot more often than they would if repair were competitive. This creates needless waste. According to the EPA, New Yorkers dispose of more 23,000 cell phone every day, and electronic waste is the fastest growing waste steam in the world.

How manufacturers block repair. In order to fix something you need to know what's broken, details on how repairs are done, replacement parts, and any special tools needed to do the job. That means diagnostic software, repair manuals and schematics, spare parts, tools and firmware. Here are some samples:

- **Blocking repairs with software.** John Deere tractors require special dealership software to enact repairs, meaning even if you fix the tractor, you can't use it until the dealership runs a software process. Many appliances, such as refrigerators, require manufacturer codes to restart operation, requiring you to use manufacturer authorized repair.
- **Special screws.** The iPhone has special screws on the outside that require you to get a new kind of screwdriver just to open the phone, even though all the screws on the inside are phillips head. Requiring special tools to fix things is quite common in many of our devices and if you can't buy those tools, you are stuck.

- **No replacement parts.** Some spare parts are generic or standard, but increasingly, our devices are made with one-of-a-kind batteries, chip sets, and other components. By refusing to sell those spare parts, it leaves the customer with few options for repair.

Solution:

- **Just let people fix their stuff.** You bought it, you own it, you should be able to fix it. That means you need to be able to buy spare parts, any special tools, and access repair information and software.

What this bill does: Requires companies to give people access to what they need to fix their stuff by selling spare parts and special tools at “fair and reasonable terms” and providing all customers and third party repair technicians access to repair information, software and the ability to apply firmware patches. The New York Times endorsed the idea this spring.

X

Subject: Long Range Transportation Plan (LRTP) Survey

Good morning,

We have created a survey about the County's transportation system based on the questions asked at the 1st Public Outreach Meeting for the OCTC 2045 Long Range Transportation Plan. Please feel free to share the following link on your municipal websites and social media pages with the accompanying text:

The Orange County Transportation Council (OCTC) is updating its Long Range Transportation Plan (LRTP) and is seeking public input to understand the needs and issues facing the County's residents, businesses, and visitors when they drive, use transit, walk, bike, or move freight and goods. To take a brief survey about the transportation system and provide your input, visit <http://sqiz.mobi/s3/0f4c4427b9d7>. The survey link will be active through June 30, 2019.

*For more information and to stay involved throughout the 2045 LRTP update process, visit:
<https://www.orangecountygov.com/1670/LRTP-2045-Update>*

FROM THE DESK OF

CHARLES A HUTNIK

May 8, 2019

Michael Sweeton
Board Supervisor
Town of Warwick
132 Kings Highway
Warwick, NY 10990

RECEIVED

JUN 06 2019

**Town of Warwick
Town Clerk**

Dear Mr. Sweeton,

My name is Krista Schaible and I am contacting you in regards to my father, Charles Hutnik's water account with the Town of Warwick. His account is for 62 Furnace Trail and the account number is 74-9-15*00.

My father passed away on April 16, 2019. On April 19, the \$375 water bill came in the mail. In an attempt to help my mother during this difficult time, I immediately made payment on this account even though it was not due until 5/15. It was not until after the funeral that I realized this was not for past services rendered but those yet to come. I was not thinking, at the time, that my mother will be selling the property and wants to close this account. I only wanted to remove the possibility of it becoming overlooked and getting paid late. Therefore, I am now making a request for a refund.

I understand the bill covers the period from April 1, 2019 thru March 31, 2020 and would breakdown to \$31.25/month. I also understand that there is a \$100 charge to shut off the water. Since April has come and gone I would like to request the water be shut off for May, closing this account and a refund for the balance of \$243.75 (less shut off fee and the month of April) be issued. You can send this to mom, Joanne Hutnik, at 203 Baldwin St, Glen Ridge, NJ 07028.

I would have addressed this when I called on May 2, however, Doreen in the Water and Sewer Department was out of the office, and I was not able to speak with her until today when she directed me to write to you. I have enclosed a copy of my father's death certificate. Should you need anything further please contact me at my home phone (570) 425-3221. Thank you in advance for your time in this matter and I am looking forward to hearing from you.

Sincerely yours,

Krista Schaible
