

LEGAL NOTICE

PLEASE TAKE NOTICE that the Town Board of the Town of Warwick will hold a Public Hearing to consider projects to be submitted for HUD funding through Orange County Development. Said Public Hearing to be held on Thursday, April 11, 2019 at 7:15p.m. or soon thereafter as the matter may be heard at the Town Hall, 132 Kings Highway, Warwick, NY

All interested persons will be given the opportunity to be heard.

DATED: April 3, 2019

**BY ORDER OF THE TOWN
BOARD OF THE TOWN OF WARWICK
Eileen M. Astorino
Town Clerk**

The Orange County Parenting Coalition cordially invites you to a free screening of

RESILIENCE

THE BIOLOGY OF STRESS & THE SCIENCE OF HOPE

YOU ARE INVITED

Thursday, April 11, 2019
Film Screening and Discussion
5:30 - 7:00 pm

Warwick Valley Middle School, Cafeteria, 225 West St., Warwick, NY 10990

LET'S MAKE OUR COMMUNITY STRONGER.

For information call Georgianna Diopoulos, Principal 845-987-3100

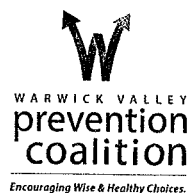

About the film: The child may not remember, but the body remembers.

Researchers have recently discovered a dangerous biological syndrome caused by abuse and neglect during childhood. As the new documentary *Resilience* reveals, toxic stress can trigger hormones that wreak havoc on the brains and bodies of children, putting them at a greater risk for disease, homelessness, prison time, and early death. While the broader impacts of poverty worsen the risk, no segment of society is immune. *Resilience*, however, also chronicles the dawn of a movement that is determined to fight back. Trailblazers in pediatrics, education, and social welfare are using cutting-edge science and field-tested therapies to protect children from the insidious effects of toxic stress—and the dark legacy of a childhood that no child would choose.

This screening is generously sponsored by:

Easy Tips for Reducing Wasted Food at Home

You can reduce how much food you throw away each week with some small changes to your routine at home. Save food and money by planning, making lists, or getting creative. The key to success is making changes that fit your lifestyle. Try some or all of the tips below and see what works best for you. Remember, reducing wasted food gets easier once you develop the habit. EPA's Food: Too Good to Waste campaign offers great tips and tricks, check it out here:

PLAN YOUR MEALS & SHOP SMART

- Take inventory of your fridge and pantry before going to the store to avoid over buying
- Develop of what meals to make between shopping trips
- Factor in left-over nights and eating out when you plan your meals
- Make a list and stick to it!

MEAL PREP

- Chop, pre-cook, and/or freeze items right when you get home from the store. This makes it easy to throw a meal together later in the week.
- Prepare perishable foods in advance, so that when you're hungry, the food will be ready to use or eat.

UNDERSTAND LABELING AND PROPER STORAGE

- Most date labels are there to indicate peak quality, not food safety. For more information on food storage and safety, check out USDA's guide here: <http://bit.ly/USDA-FoodSafety>
- Don't let date labels scare you into throwing food out before looking at, smelling, or tasting it.
- Investigate how to properly store food to maximize shelf life. See specific tips below from Eureka Recycling here: <http://bit.ly/EurekaFoodStorage>
- Keep a list of frozen items on the outside of your freezer. It's easy to forget about food in there!

USE LEFTOVERS & BE CREATIVE

- Eat older items first. Designate an 'eat first' section of your fridge.
- Eat leftovers for lunch the next day, or freeze them for an easy meal down the road.
- Think 'ingredients' not 'leftovers'. There are unlimited ways to turn leftovers into new dishes. Look online and at NYSP2I's Food Waste Info Sheet below for more ideas.
- Think outside the box. Just because it isn't in your recipe, doesn't mean you can't use it. Even with meal planning, you may be left with extra ingredients. Try repurposing them into recipes or snacks.

The New York State Pollution Prevention Institute (NYSP2I) also put together a comprehensive list of some of our favorite resources for understanding how to tackle food waste at home. Check it out here:

This document template was written by the New York State Pollution Prevention Institute (NYSP2I), a statewide research and technology transfer center funded by the New York State Department of Environmental Conservation. To modify this template with information about your municipality, see what other templates we have available, or to learn more about the NYSP2I Sustainable Food Program contact us:

food.p2i@rit.edu

Pollution Prevention Institute

Resources for Preventing and Recycling Food Waste at Home

According to the US Department of Agriculture, the US wastes roughly 40% of its food – the equivalent of about \$161 billion per year. Food waste is wasted at every point along the food chain: on farms and in fishing boats; during processing and distribution; in retail stores and restaurants; and at home. In fact, close to 43% of food waste overall comes from households. This means preventing and recycling food waste at home has the potential to significantly reduce food waste overall in the US.

There are countless resources available online to help guide people through understanding how to tackle food waste at home. NYSP2I has sorted through these resources online and summarized our favorites here.

FACTS AND STATS

New to the issue of food waste? Understand the problem with these materials.

1. Browse the NYSP2I Clearinghouse to learn about food waste and for business-focused tools.
2. Scroll through Food is for Eating for an introduction to the issue of food waste.
3. See Food for Thought for some overview stats about food waste that you need to know.
4. Get some key stats and beginning tips to stopping food waste at Save the Food.
5. Learn how food waste is tied closely with food insecurity with Feeding America.
6. Want a deep dive? ReFED rethinks food waste through economics and data.

PREVENTION

Learn to rethink your at-home food habits to stop wasting food.

1. Do Good Save Food shares nine easy tips to preventing food waste at home.
2. Talk trash to learn to save money with USDA's Choose My Plate.
3. Stop Waste is a Pinterest-like list of fun and easy ideas to creatively use extra food.
4. Become educated on prevention strategies with EPA's Reducing Wasted Food at Home.
5. Learn how to properly store food for maximum shelf life by using A-Z Food Storage Tips and Food Storage Tips - Quick Reference.
6. Plan your meals and shopping lists to save money with this Meal Planner.

DIVERSION

Want to stop throwing food scraps in the trash? There are lots of better options!

Composting – whether it is done at home or off site, composting is a great way to give food scraps a second life while creating healthy soil.

1. Compost Made Easy walks through the basics of composting: what, why, and how.
2. What to Compost tells you what items to compost as well as a troubleshooting guide.
3. How to Use Compost get you the most benefit from composting by understanding how to use it.
4. Use the Outdoor Composting Guide to learn to setup, monitor and benefit from your own bin.
5. Take tips from some of the pros with Tomkins County - Cornell Cooperative Extension.
6. Worms?! Yes, worms. Indoor Composting with a Worm Bin and Worm Bin Troubleshooting.
7. Everything you could want to know about composting is in the NYC Master Composter Manual.
8. Curious about what diversion facilities are near you? Check out the NYSP2I Organic Resource Locator, or the Cornell Waste Management Institute's Compost Facilities Map.

Donation- have extra dry goods or surplus from your garden? Get it to hungry people through one of your local food banks or food pantries.

1. Learn about the realities of hunger in your community through Feeding America.
2. Looking for a food pantry? Search Find a Food Pantry, Food Pantries website and Ample Harvest.
3. For the ins-and-outs of donating food, take a look at the EPA's Donating Food Page.

Viewing this as a print-out? Find the e-version here to follow the resource links <http://bit.ly/foodwasteinfosheet>

**Minutes from Town of Warwick Friendly Visitor Program
Advisory Board**
Monday, March 11, 2019

Attendees:

Vince Copello – Chairman
Jean Corbi Ciappa - Coordinator
Floyd DeAngelo – Town Councilman & Board Liaison
Dana Castine – Co-Chair
Tim Murphy DSS-APS
Vincent Poloniak – President of Senior Council – Orange County
Frank Cassanite – Warwick EMS
Doris Rubinsky – Consultant – Program Director, JFS
Carolyn Riley
Sherry Zambrzyoki – OFA

RECEIVED
APR 02 2019
Town of Warwick
Town Clerk

Excused Absence:

Stan Solin
Danielle Diana-Smith – Office for the Aging – Assistant Director
Katie Jonkoski – HR Manager – ShopRite of Warwick
AnnMarie Maglione – Director Orange County Office for Aging

The meeting was called to order by Vince Copello at 10:00am.

Vince thanks Stan for making the phone calls every month about the meeting. Vince clarifies that Doris' email was read at the last board meeting.

Motion to approve Minutes from November 19, 2018. The minutes were not voted on because there was not a quorum. Motion by Carolyn. Seconded by Dana. Motion to approve Minutes from the January 14, 2019. Motion by Dana. Seconded by Carolyn.

Old Business:

- Vince inquires about the photo ID's for volunteers. Are they done? Doris states that 70-80% are finished. Vince imposes a May 13st deadline for the completion of all photo ID badges, since this has been going on for over two years. Then Vince stated if all are not completed by May 13th deadline, we will use other resources. Photo ID's are very important and critical in this day and age. Jean please remind volunteers to wear their badges.
- Doris explains that the Executor Director wants the generic flyers and posters to all look the same, therefore they are using a graphic designer which is taking time. Vince has been waiting for approximately nine months for this to be done. Dana and he will put something together before the next meeting.
- Vince reminds us to please put Rack Cards in respective areas. He passes them out to Tim and Frank. Dana suggests adding a QR code to the Rack Cards so people can scan it. Doris said it will

be discussed. Since Vince just had 5000 rack cards done, this will be discussed for the next batch to be printed.

- Thank you to Jean for the articles and photos in the Advertiser and Dispatch. This has made an impact on the volunteers. Currently, we have another 5-6 people signed up for the next volunteer training session in March.
- Vince and Jean made a presentation at the Greenwood Lake Village Trustee meeting in February and at the Warwick Senior Center last week. They expanded on the need for more volunteers. All the volunteers have been coming from articles in the local papers.
- Vince asks Doris about the Insurance from JFS. Doris previously provided the information and it is good through October 2019.
- Vince revisits Doris' email regarding the importance of the Coordinator position and the contract between JFS and Warwick Town Hall that was signed in February. In the contract JFS agreed to provide a temporary volunteer Coordinator. Doris explains that they were answering the phones and connecting people but only did home assessments where they knew they had a volunteer for that neighbor or in emergency situations. Otherwise, they went on the waiting list. Vince further reports that the 20+ neighbors on the list created a huge expense for the Town of Warwick because of salaries that had to be paid.
- JFS can maintain the program but not grow the program. Vince stated, that's not what the contract states.
- Jean has 12 neighbors on the list; 10 of which need transportation. At this time, we do not have enough volunteers so she is working on making matches. Hopefully we come away with a good group of volunteers after this next training.

New Business:

- March 14th Vince is scheduled on the Radio with Legislators. May 1st they will be making a Presentation to a Florida Senior Club. Denise, the Recording Secretary, sent out letters to all the Presidents of the Senior Clubs about making a presentation. So far, we have 3 different appointments with the Senior Clubs. Vince will be setting up a presentation in May with Vince P. Senior Club. He will also be arranging something with Frank to present to the Ambulance Corp. Board Members need to be more active
- Our board members need to be more active.
- Events coming up; Saturday, June 8th is the Greenwood Lake Street Fair. Vince will work on getting the fee waived. Florida is having their Fun Fest again; August 11th, 1-8. Last year, we had to cancel this event since we did not have enough board members to cover the hours.

Report from Doris (JFS):

- Doris explains report. Numbers are changing daily. People come and go. We have 105 on the roster. Jean did a lot of assessments. Examples of light chores could be taking down curtains or bringing out the garbage. We have two volunteers that bring their children. The next training is March 18th & May 20th. See report.
- May 16th, at Glen Arden, JFS will be holding their Volunteer Appreciation Event @ 7:00.

Report from Sherry (OFA):

- They always apply for a continual three year grant funded by the National Community Service Program. This year they could have applied for an additional grant to improve on a certain part of their program they did not apply for the grant. They are waiting for a County report to see how to best utilize this money before applying for the grant.

RECEIVED

APR 02 2019

Town of Warwick
Town Clerk

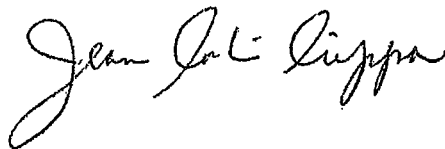

Town of Warwick Friendly Visitor Program

Coordinator of Volunteers Board Report

March 11, 2019

1. Attended the 1/17 Town Board Meeting where the appointment to Coordinator position was approved. Appropriate paperwork, resume, and applications were filed with the town.
2. Attended several training sessions throughout February and March to transition the workload from JFS to Town of Warwick Coordinator.
3. Attended a countywide Coordinator meeting hosted by JFS on 2/14.
4. Did a FVP presentation with Board Chairperson at the evening Greenwood Lake Village Board meeting on 2/19.
5. Attended an in-service by Adult Protective Services, Orange County Department of Social Services hosted by JFS on 3/5.
6. Did a FVP presentation with Board Chairperson to a Warwick Town Hall senior club on 3/6.
7. Completed 9 Neighbor Intakes in February and 1 in March. Of the 9 neighbors,
 - 6 transportation requests were generated
 - 6 home visitor requests were generated
 - 2 referrals were made to Association for the Visually Impaired (AVI) with the consent of the neighbors
 - 1 call to APS was generated
 - 1 referral to Office for the Aging Health Insurance, Counseling and Assistance (OFA HICAP)
8. Completed 4 volunteer/neighbor matches in February and March:
 - 3 shopper matches were initiated
 - 1 twice weekly phone caller visitor was initiated
9. Deactivated two Volunteers and two Neighbors.
10. Started managing transportation requests as of 3/6.

Respectfully submitted by Jean Corbi Ciappa, Town of Warwick Coordinator of Volunteers

X

Re: Letter 2019.1.29

To all Orange County licensed solid waste haulers;

As you are aware, per Local Law No. 2 of 1989, solid waste generators are **required** to source separate recyclable commodities. To provide a clarification on the accepted materials at Orange County Transfer Stations in effort to reduce contaminated loads of recycling attached you will see a flyer on Single Stream Recycling that we have made available to the public.

In addition to a reminder on what is accepted, we also wish to remind you on what is **NOT** accepted in Single Stream or the Paper/Cardboard Stream. Unacceptable materials are as follows:

Non-recyclable paper, including dirty, wet OCC, wax boxes, laminated paper, soiled paper, trash, Styrofoam®, any kind of plastic bags or film, hoses & tanglers, and trash.

Per our letter emailed to all licensed waste haulers on 2019.1.29, each time we receive problem loads, we will inform you. To ensure compliance, we highly recommended that you contact and distribute this informational guide to your clients. Also, if you feel one or more of your clients may need any additional outreach, e.g. a meeting or presentation on improving our recycling habits, please do not hesitate to contact me. I can be reached at (845) 291-3246 or esiljkovic@orangecountygov.com.

Should you have any questions, suggestions, or comments on how we can work together to meet the highest industry standard in recycling, I am available between 8 AM and 4 PM on Monday through Friday.

Sincerely,

Ermin Siljkovic

Dear Eileen,

We are writing to you because of your relationship to T.A.R.A. (The Animal Rights Alliance). We know that the Town of Warwick contracts with T.A.R.A. regarding spay/neuter certificates.

In light of this, we are offering you the opportunity to support.

The concert will benefit T.A.R.A. (The Animal Rights Alliance) whose mission is to reduce the number of stray, abandoned and unwanted cats and dogs from coming into a system that cannot hold them.

APPLAUSE FOR PAWS, *will take place on Saturday evening, April 27th at 8:00 pm, at the United Presbyterian Church of Middletown, 25 Orchard St. Middletown, NY 10940.*

Musical selections will be from Rock and Broadway songs, sung by my husband, Jim Kirk, accompanied by his band, Conviction. Tickets are \$25/each (detailed flyer is attached).

We have sponsorship opportunities available. (explanatory flyer and application form attached)
Please consider this opportunity.

We know that your residents benefit from the relationship you have with this worthy organization.

Some business have chosen to purchase tickets in support and/or treated their staff to complimentary tickets.

Kind regards,
Manja Yirka & Jim Kirk
28 Hilltop Dr.
Goshen, NY 10924
845-492-1934

P.S. Several local artists will be onsite, with whom pet portraits may be commissioned. A portion of those proceeds go to the charity.

APPLAUSE FOR PAWS

A concert to benefit T.A.R.A. (The Animal Rights Alliance, Inc.)

Playbill Sponsorship Opportunities

T.A.R.A.'s mission is to reduce the number of stray, abandoned and unwanted cats and dogs from coming into a system that cannot hold them. This will stop the killing and create more good homes.

"The Animal Rights Alliance, Inc., was founded in 1984, by Rose and Stephen Tardif to help stray and abandoned animals. They started out by trapping and finding homes for cats and dogs. They also helped others find homes for unwanted cats and dogs, and made sure all were spayed and neutered prior to adoption. It was time-consuming and painstaking. They finally came to the realization that their efforts made a difference for a few, but were not addressing the more serious problem of pet overpopulation. While they were saving one or two at a time, thousands were reproducing. It was like filling a pail of water with a hole in its bottom!"

T.A.R.A. (The Animal Rights Alliance, Inc. is a 501(c3) charitable organization.

There are three levels of sponsorship for your consideration:

- > \$50 sponsorship will provide you with a 1/4-page (business card) size ad in our playbill
- > \$100 sponsorship will provide you with a half-page ad in our playbill
- > \$200 sponsorship will provide you with a full-page ad in our playbill

Also, during the pre-concert hour, your ads will scroll on several computer monitors throughout the venue and a big screen at the front of the concert hall. Ads will run during the one hour pre-concert period. (7:00 - 8:00)

Each ad will run for 7 seconds in a loop. Each ad will repeat numerous times during the hour. Repetition count is based on level of sponsorship (1/4, half, full page) and overall number of sponsors. In addition, you will receive acknowledgement on the T.A.R.A. website.

Flags for Heroes 2019

You can be a part of our community's tribute to the heroes in our lives – past and present. This is your opportunity to honor your personal hero. It could be a member of the military, police, fire, or other first responders who put their lives on the line for us every day. It could be a teacher, coach, mentor, community leader, parent, child, or anyone who has been a hero in your life.

- Honor your personal hero by sponsoring a flag (3-ft by 5-ft) for \$50.
- The flags will be displayed in front of Chateau Hathorn, located at the intersection of County Route 1 & NYS Route 94 from **Sunday, August 25th through Sunday, September 15th, 2019.**
- This form can be given to any Warwick Valley Rotary Club member or mailed to: The Warwick Valley Rotary Club c/o Flags for Heroes, PO Box 121, Warwick NY 10990 along with your \$50 check made payable to: **Warwick Valley Rotary Club.** ~~You can also pay with a credit card <https://squareup.com/store/warwick-valley-rotary-club>.~~ If you pay with a credit card, please also submit this form so we know the name of your hero; please email forms or questions to Laura.Barca@hdrinc.com.
- To ensure heroes and sponsors are correctly identified, please honor only **one** hero per form (one payment may be written to accompany multiple forms).
- **Please return forms by August 01, 2019.**
- Some of the organizations that the Warwick Valley Rotary Club supports are: Disaster Relief both Local and International, Warwick Senior Citizens Center, Guiding Eyes, Warwick Youth Sports, Habitat for Humanity, Dictionary Project (local 4th graders receive a dictionary), College Scholarships, Youth Fishing Day (Warwick Rod and Gun Club), Winslow Therapeutic Center, Inspire (Cerebral Palsy), Warwick Humane Society, Rotoplast, Beautiful People, Garden of the Children, Warwick Senior BBQ, Hospice of Orange County, Warwick Valley Community Center, Meals on Wheels, and all of the Local Food Pantries.
- You can also pay with a credit card by visiting the Warwick Valley Rotary webpage: <http://www.warwickvalleyrotary.org/>
- Warwick Valley Rotary reserves the right to publish the names of the heroes; if you prefer to not have your heroes name published, please include that information on your form.

Thanks to the generosity of Allied Excavating, the flags will be illuminated at night.

Your Name: _____ Address: _____
(insert name as you wanted it printed on the flag label) (address where flag label can be mailed after event)
Phone Number: _____ Email: _____
(please insert contact information in case there is a question about how to print your flag label)
Name of Your Hero: _____
(insert Hero's name as you want it printed on the flag label, we will do our best to print it as you have written it)
Check No: _____ or Date Paid with Credit Card: _____ Sold by (Rotarian): _____

Subject: Geographic Information Gateway (Gateway) News: Resilience, Current Status and Some Arbitrary Benchmarks!

Happy Spring! Hope you had a great winter and are looking forward to all that Spring brings!

Did you know: Resilience Information

Did you know that the Gateway features information on Climate Change and Resilience, including incremental sea level rise projections and coastal hazards? Here is a map viewer with some of the information available pre-loaded:

Resilience When you open this view you will see in the legend that one of the layers (Flood Hazard Zones [FEMA]) has a greyed checkmark in the checkbox, this means this layer is "zoom-layered", which means it will become visible when you zoom in closer. The legend provides some useful tools like changing the order of how layers are drawn, making them more or less visible, changing the transparency so that you can see through layers either to the underlying basemap or to data that is layered underneath and if there's a book icon, then that means we're using that layer in one of our stories and clicking on that icon will open up the story to where we're using that layer.

Clicking on objects in the view will open a "call-out" box, this will provide information on the area, point or the line segment you clicked, if there is more than one object where you clicked (often the case) you can get to the information for each object by using the arrows at the bottom right corner of the call-out box. You will also notice in this view that NY Rising Planning Areas are included, you can get to the plans in for these areas by, again, clicking in the area, using the arrows in the bottom right, click to the box that is titled "NY Rising Community Reconstruction Planning Boundaries", RIGHT click on "Final Community Plan" and a pop-up box will appear, select the top choice "Open link in a new tab" by left clicking on it...a new tab will open with the plan document. DOS Coastal Risk Areas are included, you can find out more about these, how they were derived and how we use them by visiting this story DOS Risk Areas

The Gateway Status

As mentioned back in January, are in a bit of a quiet mode. We have completed development of plans for the next phase of Gateway and are working on getting help to realize those plans. We have some great functional additions and new applications built off the Gateway base, I'll be able to share some of these later in the year. We have transitioned to a new cloud server which provides more stability for the platform, you should be noticing this as well as you use the Gateway, please do not hesitate to contact me should you run into performance issues. We are working on a new Story that will accompany the South Shore Estuary Reserve Focus Page which will be ready in late spring! There are quite a few other exciting things in the works which will result in a real growth year for the Gateway, so stay tuned!

Gateway Metrics

We had a few arbitrary benchmarks that seem important to share with you. On March 20th, with a visit from a user in Finland, making it our 100th visit from a country outside the US and just 2 days ago a user in Barbados visited us bringing us to 101! That's 51.5% of the countries in the world today! An average of 14 countries outside the US visit and an average of 28 states outside of New York visit each month. Sometime last Tuesday, March 26th, the Gateway received its 50,000th visitor since launching on September 29, 2015! Longtime average is now about 1200 user visits each month. As of end of March on Sunday there have been 226,250 pageviews, nearly 650,000 actions and average monthly bounce rate is 12%. It's gratifying for the Team to see the continued use of the Gateway and we all thank you for your continued use and support! We hope you find even more useful uses and information on the Gateway in the coming year!

Social Media

The facebook and Twitter icons at the bottom of Gateway pages link directly to our facebook page <https://www.facebook.com/informationgateway/> and twitter account <https://twitter.com/NYGateway> You can stay up to date on facebook and/or by following our twitter feed. Please like us and share us on fb and retweet!

About

The Gateway does have an About page so if you're new to this emails or need a refresher please follow this [About](#) link. You can also learn about the Office of Planning and Development (OPD) on the same [About](#) page.

Feedback

As always, please don't hesitate to provide [feedback](#) on your visit to the Gateway so that we may continue to improve on its usefulness and your experience.

GOVERNMENT FORECLOSURE SALE

WEDNESDAY, APRIL 17, 2019 at 10:00AM

\$69,260.00 (Opening bid by the Government)

PROPERTY DETAILS

- Albany County
- Town of Knox
- Tax Map # 35.-2-14
- 3 Bedroom, 1.1 Baths
- 1,296 sq. ft. living area
- Lot size – 20,473 sf +/-
- Age - 46 +/- Years
- Water – Well
- Sewer – Septic
- Heat – FWA
- Basement – Slab
- Referee for sale:
Theresa Marinello Ries
- Rural Development web
site address:
<https://properties.sc.egov.usda.gov/resales/public/home>
- Then click on Single Family Housing

- **Property Address:** 1526 Township Road, Altamont, NY 12009 [Click Here for Street View](#)
- **Location of Sale:** Albany County Courthouse, main entrance, 16 Eagle St, Albany, NY 12207
- **Terms:** 10% at time of sale (cash or certified check); balance due will be established by the referee. USDA Rural Development credit terms are not available.
- The Government will establish the opening bid. The highest bid above the Government's bid will be the successful bidder at the sale.
- USDA Rural Development has a security interest in the property
- **NOTICE:** USDA foreclosure auction properties are sold in **AS IS** condition. Please see reverse "Frequently Asked Questions" for additional details on USDA foreclosure property sales or call the Schoharie Service Center at (518) 295-8600 x4 or (315) 477-6447 (TDD) or visit our website at: <https://properties.sc.egov.usda.gov/resales/public/home>.

FREQUENTLY ASKED QUESTIONS FOR USDA FORECLOSURE PROPERTIES

- **Question:** What if I purchase the property and find that it needs repair?
Answer: The property is being sold in "as is" condition. USDA will not be responsible for any repairs incurred by the successful bidder.
- **Question:** What if there are other liens against the property?
Answer: All junior liens (if properly identified by Title Company) are extinguished at time of sale. The successful bidder would be responsible for satisfying any superior liens in order to obtain clear title.
- **Question:** What is the property worth?
Answer: USDA does not disclose appraised value. However, in most instances the opening bid is less than appraised value.
- **Question:** Can I view the home?
Answer: USDA does not have title ownership interest in this property. For liability reasons, the Agency cannot allow access to the property until the successful bidder has paid the balance of the bid price and obtained a deed to the property. Successful bidders will not have legal authority to take possession of the property until such time the balance of the purchase price has been paid and they have obtained a referee or marshal's deed to the property.
- **Question:** What about unpaid taxes?
Answer: If not paid by USDA prior to sale, unpaid taxes should be adjusted at closing and paid from sale proceeds.
- **Question:** If the property is occupied who's responsible to remove occupants?
Answer: The property is being sold "subject to any tenancies". If occupied at time of sale, the successful bidder may have to initiate legal proceedings in order to remove occupants from the premises. Eviction could not be pursued until after the successful bidder has obtained a Deed to the property. The agency cannot assist successful bidders with the eviction process.
- **Question:** Can I submit an offer to USDA prior to sale in order to avoid risking the chance of being outbid by someone else?
Answer: No....the agency does not own the home and we have no legal authority to enter into any sales contract with potential bidders prior to sale.
- **Question:** What if the former owners left personal belongings on the premises?
Answer: Successful bidder should seek legal advice.
- **Question:** Is it possible to use the subject property as collateral for obtaining financing needed to complete the purchase?
Answer: While it is not impossible, it is most often difficult as the purchaser's lender will want to access the property for appraisal purposes. Since USDA does not own the home, we cannot allow access to any third parties. It is best to use other property as collateral or to have cash resources to complete the sale.
- **Question:** What if I can't close within the 30 days, as required by the Terms of Sale?
Answer: USDA may be willing to grant a closing extension, depending on circumstances.
- **Question:** What if I don't want the property after deemed the successful bidder?
Answer: If failure to close was within the successful bidder's control, then there are consequences such as forfeiture of their 10% down payment (refer to Terms of Sale for more specific information).

Note: All sales are subject to postponement or cancellation. It is recommended that bidders contact the USDA Rural Development Area Office listed on this notice the day before the sale to ensure that it is still scheduled.

Orange County Household Hazardous Waste & Operation Safe Scripts Pharmaceutical Collection Event

Sponsored by Orange County DPW Division of Environmental Facilities and Services, County Executive Steven M. Neuhaus, Co-Sponsored by New York State Department of Environmental Conservation. Operation Safe Scripts sponsored by Orange County Sheriff's Office.

Saturday April 13, 2019 - 9:00am-3:00pm
Thomas Bull Memorial Park
90 Grove Street, Montgomery, NY 12549
Free for Orange County Residents with
Proof of Residency (no registration required)

The line moves quickly, please **DO NOT** come before 9:00 am and block traffic flow

The Orange County Sheriff's Office will be collecting prescription and over the counter medications for disposal.

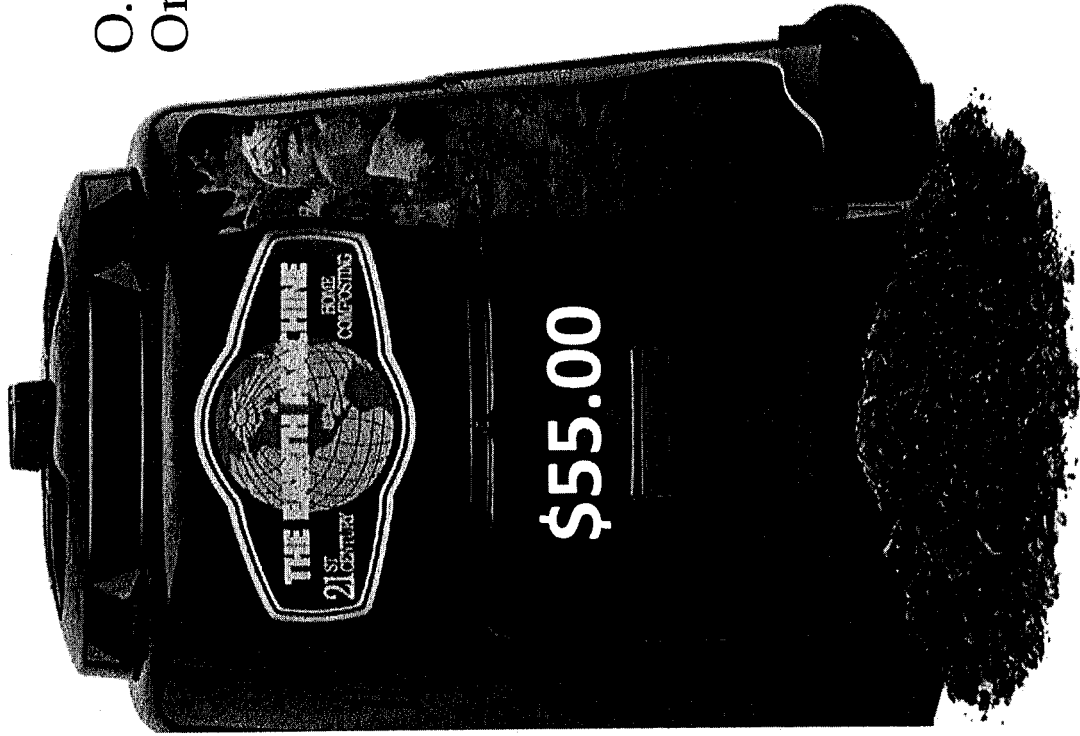

*****No medical sharps will be accepted*****

Acceptable Items: Adhesives, Aerosol Cans, Automotive Products, Fire Extinguishers, Flammable Liquids (oil, gas, kerosene and/or mixtures), Corrosives/Cleaners, Creosote, Driveway Sealer, Pool Chemicals, Fluorescent Light Bulbs, Inks, Mercury, **Oil Based Paints Only**, Pesticides/Herbicides, Propane Cylinders (camp size), Roofing Tar, Rubber Cement, Solvents/Thinners, Varnishes/Shellac/Stains, Wood Preservatives, Car Batteries.

NOT Accepted: Refrigerators, Tires, Air Conditioners, Electronics, Latex (water based) Paint, BBQ size Propane tanks, Appliances and Alkaline Batteries (can be thrown in the household trash).

How to Dispose of Latex Paint: Remove the lid, put the paint can in a safe place away from children and animals and let the paint dry out. If there is a large quantity of paint in the can, line a cardboard box with a black garbage bag, pour the paint in the garbage bag and add cheap, clay kitty litter until the paint is solid. Once dried, throw the solid paint in your household trash.

Department of
Environmental
Conservation

April 1, 2019

Mr. Glenn Boucher
NYSDOT Region 8
4 Burnett Boulevard
Poughkeepsie, NY 12603

RE: Route 17A Culvert Replacement, D263890
Town of Warwick, Orange County
CH#: 8120

RECEIVED
APR 04 2019
Town of Warwick
Town Clerk

Dear Mr. Boucher:

Based upon our review of your inquiry received by this office on February 4, 2019, regarding replacement of a deteriorated 24-inch corrugated metal pipe culvert, the New York State Department of Environmental Conservation (DEC) offers the following comments:

STATE-LISTED SPECIES

DEC has reviewed the State's Natural Heritage records. We have determined that the site is located within or near record(s) of the following state-listed species:

<u>Name</u>	<u>Status</u>
Timber rattlesnake, <i>Crotalus horridus</i>	Threatened
Northern long-eared bat, <i>Myotis septentrionalis</i>	Threatened

A permit is required for the incidental taking of any species identified as "endangered" or "threatened," which can include the removal of habitat. If any tree removal is proposed, a time restriction, with all tree removal taking place between November 1st and March 31st, must be implemented. Staff have determined that the project is not likely to have a significant adverse impact on timber rattlesnake populations and no further review is necessary at this time.

Plant species are not subject to regulation, however, impacts to them may be considered as part of the State Environmental Quality Review (SEQR).

Please note that a project sponsor may not commence site preparation, including tree clearing, until the provisions of SEQR are complied with and all necessary permits are issued for the proposed project.

Department of
Environmental
Conservation

The absence of data does not necessarily mean that rare or state-listed species, natural communities or other significant habitats do not exist on or adjacent to the proposed site. Rather, our files currently do not contain information which indicates their presence. For most sites, comprehensive field surveys have not been conducted. We cannot provide a definitive statement on the presence or absence of all rare or state-listed species or significant natural communities. Depending on the nature of the project and the conditions at the project site, further information from on-site surveys or other sources may be required to fully assess impacts on biological resources.

PROTECTION OF WATERS

There are no waterbodies that appear on our regulatory maps at the location/project site identified. Therefore, if there is a stream or pond outlet present at the site with year-round flow, it assumes the classification of the watercourse into which it feeds, and a Protection of Waters permit may be required. If there is a stream or pond outlet present at the site that runs intermittently (seasonally), it is not protected, and a Protection of Waters permit is not required.

If a permit is not required, please note, the project sponsor is still responsible for ensuring that work shall not pollute any stream or waterbody. Care shall be taken to stabilize any disturbed areas promptly after construction, and all necessary precautions shall be taken to prevent contamination of the stream or waterbody by silt, sediment, fuels, solvents, lubricants, or any other pollutant associated with the project.

FRESHWATER WETLANDS

The project/site is not within a New York State protected Freshwater Wetland. An Army Corps of Engineers permit may be required pursuant to Section 404 of the Clean Water Act. If a Section 404 permit is required, you will also require a Water Quality Certification pursuant to Section 401 of the Clean Water Act. Issuance of these certifications in NYS has been delegated to the DEC. Please contact the Army Corps of Engineers in New York City, at 917-790-8411, for any permitting they might require.

OTHER

Other permits from this Department or other agencies may be required for projects conducted on this property now or in the future. Also, regulations applicable to the location subject to this determination occasionally are revised and the project sponsor should, therefore, verify the need for permits if the project is delayed or postponed. This determination regarding the need for permits will remain effective for a maximum of one year. Applications may be downloaded from our website at www.dec.ny.gov under "Programs" then "Division of Environmental Permits."

Please contact this office if you have questions regarding the above information. Thank you.

Sincerely,

Sarah Pawliczak

Division of Environmental Permits

Region 3, Telephone No. 845-256-3050

cc: Mike Fraatz, NYDEC Bureau of Ecosystem Health
NYSDEC Bureau of Wildlife
Brian Orzel, USACE
Aileen Helsey, NYSDOT
Town of Warwick Town Clerk

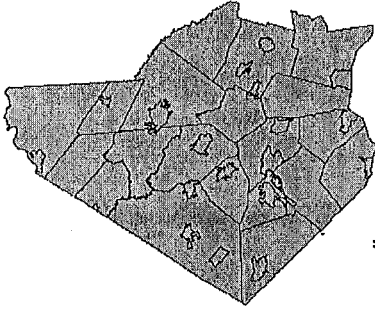

NOTE: Regarding erosion/sedimentation control requirements:

Stormwater discharges require a State Pollutant Discharge Elimination System (SPDES) Stormwater permit from this Department if they either:

- occur at industrial facilities and contain either toxic contaminants or priority pollutants OR
- result from construction projects involving the disturbance of 5,000 square feet or more of land within the NYC Department of Environmental Protection East of Hudson Watershed or for proposed disturbance of 1 acre or more of land outside the NYC DEP Watershed

Your project may be covered by one of two Statewide General Permits or may require an individual permit. For information on stormwater and the general permits, see the DEC website at <http://www.dec.ny.gov/chemical/8468.html>.

For construction permits, if this site is within an MS4 area (Municipal Separate Storm Sewer System), the stormwater plan must be reviewed and accepted by the municipality and the MS-4 Acceptance Form must be submitted to the Department. If the site is not within an MS4 area and other DEC permits are required, please contact the regional Division of Environmental Permits.

April 2019

Dear Municipal Board Chair,

The Board of Directors of the Orange County Municipal Planning Federation invites you to a joint **Meeting of all Orange County Chairs** to be held on **Thursday, May 30th 2019 from 5:00 – 6:30 PM** at the Orange County Citizens Foundation offices, 23 White Oak Drive, Sugar Loaf. If for some reason you cannot attend, we would appreciate you sending a representative.

The Chairs Meeting will provide an open discussion among attendees for topics of recent interest or development. The OCMPF will also survey chairs on any past, present or potential class ideas or topics that are of heightened interest throughout the County.

We are also interested to know how best to educate the newest members of your Board as they often have needs and questions that are different from more seasoned veterans. If you are able, please bring a list of names of your new board members that you can provide us for future educational programming.

Please advise your attendance plans by calling (845) 615-3840, faxing (845) 291-2533 or by sending an e-mail to cscali@orangecountygov.com. **Please RSVP as soon as possible.**

We look forward to seeing you on May 30th!

Sincerely yours,

The Orange County Municipal Planning Federation

Warwick Town Clerk

Please Forward to all board chairs:

The OCMPF is pleased to invite you to our next scheduled semi-annual Meeting of All Orange County Chairs, to be held Thursday May 30th 5:00pm to 6:30pm at the Orange County Citizens Foundation offices, 23 White Oak Drive, Sugar Loaf. Specifically, the Chairs Meeting will provide a forum for open discussion among all Board Chairs from throughout Orange County. As always, dinner will be served. Please find an invitation for the meeting event attached .

Please RSVP to Carrie Scali at the Orange County Planning Department by either responding to this email or calling the number below.

Thank you,

Carrie
