Dear Municipal Official:

We strive to work more efficiently and safely to complete our projects with the least possible inconvenience to our customers and your residents. Therefore, we're once again asking you to share your paving and road improvement schedules with us so we can coordinate our underground gas and electric projects. When these schedules align, we'll minimize disruption to our communities and their infrastructure. In addition, by working together, we can effectively prevent damage to underground facilities, especially our gas mains.

Therefore, please continue to share with us your schedules regarding:

- Road excavations that involve installing, upgrading or repairing drainage, water and sewer lines
- Road construction improvement work other than paving (i.e., that affects road elevations, or current traffic pattern)
- Sidewalk and curb replacement projects
- Paving

The schedules can be sent either by email or fax to:

Trish Austin at austint@oru.com
Fax: 914-925-9217

As you begin your projects, we remind you to call 811 at least two full working days before digging on public or private property to avoid damaging underground infrastructure.

Thank you in advance for your cooperation. Please contact Trish Austin if you should have any questions. She can be reached at the email address above or by phone at (845) 577-2459.

FREQUENTLY ASKED QUESTIONS FOR USDA FORECLOSURE PROPERTIES

- **Question:** What if I purchase the property and find that it needs repair?
Answer: The property is being sold in "as is" condition. USDA will not be responsible for any repairs incurred by the successful bidder.
- **Question:** What if there are other liens against the property?
Answer: All junior liens (if properly identified by Title Company) are extinguished at time of sale. The successful bidder would be responsible for satisfying any superior liens in order to obtain clear title.
- **Question:** What is the property worth?
Answer: USDA does not disclose appraised value. However, in most instances the opening bid is less than appraised value.
- **Question:** Can I view the home?
Answer: USDA does not have title ownership interest in this property. For liability reasons, the Agency cannot allow access to the property until the successful bidder has paid the balance of the bid price and obtained a deed to the property. Successful bidders will not have legal authority to take possession of the property until such time the balance of the purchase price has been paid and they have obtained a referee or marshal's deed to the property.
- **Question:** What about unpaid taxes?
Answer: If not paid by USDA prior to sale, unpaid taxes should be adjusted at closing and paid from sale proceeds.
- **Question:** If the property is occupied who's responsible to remove occupants?
Answer: The property is being sold "subject to any tenancies". If occupied at time of sale, the successful bidder may have to initiate legal proceedings in order to remove occupants from the premises. Eviction could not be pursued until after the successful bidder has obtained a Deed to the property. The agency cannot assist successful bidders with the eviction process.
- **Question:** Can I submit an offer to USDA prior to sale in order to avoid risking the chance of being outbid by someone else?
Answer: No....the agency does not own the home and we have no legal authority to enter into any sales contract with potential bidders prior to sale.
- **Question:** What if the former owners left personal belongings on the premises?
Answer: Successful bidder should seek legal advice.
- **Question:** Is it possible to use the subject property as collateral for obtaining financing needed to complete the purchase?
Answer: While it is not impossible, it is most often difficult as the purchaser's lender will want to access the property for appraisal purposes. Since USDA does not own the home, we cannot allow access to any third parties. It is best to use other property as collateral or to have cash resources to complete the sale.
- **Question:** What if I can't close within the 30 days, as required by the Terms of Sale?
Answer: USDA may be willing to grant a closing extension, depending on circumstances.
- **Question:** What if I don't want the property after deemed the successful bidder?
Answer: If failure to close was within the successful bidder's control, then there are consequences such as forfeiture of their 10% down payment (refer to Terms of Sale for more specific information).

Note: All sales are subject to postponement or cancellation. It is recommended that bidders contact the USDA Rural Development Area Office listed on this notice the day before the sale to ensure that it is still scheduled.

MEMO

To: Supervisor Sweeton, Town Board, Town Clerk
From: Chief T. McGovern 
Re: Fill vacant p/t police officer positions

Please accept this memo as my request for the Board to fill two vacant part-time police officer positions that currently exist. I am recommending that the positions be filled with John Caselli and Thomas J. Gleason.

Mr. Caselli is a Warwick resident and is familiar with the streets of the Town. I believe his training time will be minimal. He is available to start Saturday, 07 July 2018. His references were checked without any problems. He is a 22 year veteran of the NYPD with expertise as a firearms instructor and heavy weapons instructor. His address is:

2 Angela Place
Warwick, NY 10990

Mr. Gleason is a resident of New Windsor. He is a 20 year veteran of the City of Newburgh Police Department. He is also available to begin on 07 July 2018. He just retired in June. He has experience as a juvenile officer, a defensive tactics instructor and a police motorcycle instructor. His address is:

2208 Revere's Run
New Windsor, NY 12553

If you require any additional information, please contact me. Thank you.
